CCRI FY24 Grant Application

The Center for Community Recovery Innovations, Inc. is pleased to offer \$700,000 in sober housing grant funding for Fiscal Year 2024.

1. The Center for Community Recovery Innovations, Inc.

CCRI Background

In 1983, MassHousing created the Tenant Assistance Program (TAP), the first effort of a housing agency in this country to address the effects of alcohol and drug use in housing. In subsequent years TAP grew to address a wide range of health, safety and social issues faced by housing management staff and residents. Since 1999, CCRI has furthered TAP's original purpose through its mission to develop creative strategies to deal with issues of addiction to alcohol and illicit drugs in housing communities.

CCRI Objectives

In furtherance of its mission, CCRI currently seeks to:

- increase the availability of affordable, alcohol and drug free housing in Massachusetts;
- promote intervention, recovery, and successful tenancies for residents with chemical dependency; and
- provide equitable service and resources, geographically and for all populations, with a special focus on housing and services to women with children, adolescent/young women, youth, veterans, re-entering citizens (formerly incarcerated) or other underserved populations.

CCRI Commitments

Through June 2023, CCRI has awarded over \$14 million to create or preserve over 2,900 units of affordable sober housing in over 50 cities and towns in Massachusetts.
