MASSHOUSING

General

MassHousing is a body politic and corporate, and a public instrumentality of The Commonwealth of Massachusetts (the Commonwealth) established by Chapter 708 of the Acts of 1966, as amended (the Act), to increase the supply of residential housing in the Commonwealth for occupancy by persons and families of low and moderate income.

MassHousing is empowered by the Act, among other things, to issue bonds and notes to finance owner-occupied, residential housing for persons and families of low and moderate income and to make mortgage loans to sponsors of rental housing projects containing two or more dwelling units having promise of supplying well-planned, well-designed apartment units for low-income persons or families in locations where there is a need for such housing. Pursuant to the Act, MassHousing has the power to issue bonds and notes to finance construction and permanent mortgage loans, to utilize various lending programs to finance mortgage loans including Fannie Mae (formerly named Federal National Mortgage Association) (FNMA) mortgage-backed securities (MBS), Government National Mortgage Association (GNMA) MBS, Federal Home Loan Mortgage Corporation (FHLMC) programs, Federal Home Loan Bank (FHLB) programs and Federal Financing Bank (FFB) programs, and to enter into agreements and perform other functions in furtherance of its public purposes.

The Massachusetts Legislature has authorized MassHousing to issue bonds and notes up to an aggregate outstanding combined single debt limit of \$4.9 billion for both multifamily and single-family purposes. The Agency's bonds and notes do not constitute obligations of the Commonwealth or any political subdivision thereof.

Membership

MassHousing is governed by nine Members (Members, each a Member) including the Secretary for Administration and Finance and the Secretary of the Executive Office of Housing and Livable Communities, ex officio, and seven other Members appointed by the Governor. Three of the seven appointees are required to have expertise in mortgage banking, architecture or city or regional planning and real estate transactions, and two appointees are required to have experience in single-family residential development. Another appointee is required to be a representative of organized labor appointed from a list of at least five names submitted by the Massachusetts State Labor Council, AFL-CIO. Each appointive Member serves for a term of seven years and until his or her successor is appointed and duly qualified.

The chair of MassHousing is designated by the Governor and serves as chair during his or her term of office as a Member. The Members annually elect a vice chair, who shall be a Member, and a secretary, a treasurer and such other officers as the Members may determine to be desirable, none of whom need be a Member. The Members also appoint the Chief Executive Officer of MassHousing. The Members serve without compensation and meet once a month or more frequently, if necessary. Action by the membership requires the affirmative vote of five Members.

Advisory Committees

The Act establishes two Advisory Committees to assist MassHousing in formulating policies and procedures relevant to the development of its rental and home ownership housing programs. Each Advisory Committee is composed of up to 15 members who are appointed by the Governor and serve without compensation, including persons with experience or training in urban renewal, building, social work, mortgage financing, the municipal bond market, architecture, land use planning or municipal government.

Organization and Management Personnel

As of March 31, 2024, the staff of MassHousing consisted of 327 persons, including employees with professional qualifications in the fields of finance, law, architecture, cost estimating, housing management, construction inspection, mortgage underwriting, business administration, accounting, information technology and economic and community development. MassHousing is comprised of seven primary business lines – Rental Business Development, Rental Underwriting, Rental Management, Home Ownership Lending Operations, Home Ownership Production, the MassHousing Mortgage Insurance Fund (MIF), and Home Ownership Servicing and Operations – as well as a corporate office led by the Chief Executive Officer, which includes the offices of the Chief Finance and Administrative Officer and Financial Director and the General Counsel.

Senior members of the corporate offices of MassHousing are:

CHRISTAL KORNEGAY– Chief Executive Officer – On January 9, 2018 was appointed Chief Executive Officer. Prior to joining MassHousing, Ms. Kornegay was Undersecretary of the Department of Housing and Community Development for the Commonwealth; President and Chief Executive Officer of Urban Edge, a community development corporation; and Project Manager for The Community Builders, Inc., a nationally recognized non-profit housing developer and manager. She received a B.A. from Hunter College, and a Master’s Degree in City Planning from the Massachusetts Institute of Technology. Ms. Kornegay is also a graduate of the Achieving Excellence Program at Harvard University’s Kennedy School of Government.

RACHEL C. MADDEN – Chief Financial and Administrative Officer and Financial Director – Ms. Madden joined MassHousing as Chief Operating Officer on September 4, 2018 and on May 7, 2021 was appointed Chief Financial and Administrative Officer and Financial Director. Prior to joining MassHousing, Ms. Madden was Undersecretary for the Executive Office for Administration and Finance; Chief Financial Officer and Director of Administration and Finance, Acting Treasurer and Budget Director for the Massachusetts Water Resources Authority; and held several senior management positions within the Commonwealth’s Registry of Motor Vehicles, Executive Office of Health and Human Services, and the Department of Revenue,

and also spent the early part of her career at the Executive Office for Administration and Finance. She received a B.A. from the University of Rochester.

COLIN M. McNIECE – Chief Legal & Operating Officer – Joined MassHousing in May 2019 as General Counsel and on July 1, 2024 was appointed Chief Legal & Operating Officer. Prior to joining MassHousing, Mr. McNiece was a public finance attorney at Mintz Levin in Boston and previously served as the Chief Planner and the Director of Economic Development for the city of Lowell, MA. He received Bachelor’s and Master’s degrees in community and regional planning from Iowa State University and a J.D. from Roger Williams School of Law.

MOUNZER M. AYLOUCHE – Vice President – HomeOwnership Programs – Joined MassHousing in February 1998, and in July 2018, he was promoted to his current role where he oversees all aspects of MassHousing’s homeownership business, including production, lending operations and servicing. He has extensive experience in the home mortgage lending industry, having held positions in loan servicing, secondary marketing, loan originations, and senior management. At MassHousing, he previously served as secondary marketing officer, relationship manager and manager of HomeOwnership Business Development. Mr. Aylouche was the Chairman of the Massachusetts Mortgage Bankers Association in 2017, and the past president of the organization’s charitable arm, the MMB Foundation. He received a Bachelor’s degree in Financial Management & Economics from the University of Massachusetts at Lowell, and an MBA in Marketing from Southern New Hampshire University.

MARK H. TEDEN – Vice President – Multifamily Programs – Joined MassHousing in July 2018. Prior to joining MassHousing, Mr. Teden served as the Managing Principal and Chief Operating Officer of Bruner/Cott & Associates, an architectural and real estate firm. Prior to that Mr. Teden served as Executive Vice President at Cambridge Savings Bank where he managed the Bank’s commercial lending business lines. Mr. Teden has held significant Board and Committee appointments for Homeowner’s Rehab, Inc., a Cambridge, MA-based Community Development Corporation and currently serves as Board and Audit Committee Member for the Community Economic Development Assistance Corporation, a quasi-State Agency affordable housing lender. He received a Bachelor’s degree in Business Administration from the University of Massachusetts, Amherst and an MBA from Northeastern University.

FINANCIAL OPERATIONS

The financial analysis presented below, based on the combined programs of MassHousing for the fiscal years ended June 30, 2023 (FY 2023) and June 30, 2022 (FY 2022), with select comparative information from June 30, 2021 (FY 2021), and for the three- and nine-month periods ended March 31, 2024 and March 31, 2023, with select comparative information from March 31, 2022, should be read in conjunction with the combined financial statements which appear below under the caption “Financial Operations—Combined Financial Statements” and MassHousing’s audited financial statements for the fiscal year ended June 30, 2023 (the Fiscal 2023 Financial Statements) included in MassHousing’s annual report for the fiscal year (the Annual Report). The amounts discussed below have been rounded or are approximations to facilitate easier reading of this analysis.

Combined Financial Statements

Included on the following pages are tables reflecting the financial results of MassHousing for the fiscal years ended June 30, 2023 and June 30, 2022. The financial results are presented on a combined basis. In addition to MassHousing’s combined financial statements, detailed financial statements for each of the separate bond resolutions and the Working Capital Fund (WCF) and affiliates (Affiliates) are presented in accordance with the financial reporting requirements of the various bond resolutions. The tables have been derived by MassHousing from audited financial statements for the fiscal years ended June 30, 2023 and June 30, 2022, and unaudited financial statements for the three- and nine-month periods ended March 31, 2024 and March 31, 2023. All other information and tables as of March 31, 2024 and 2023 are unaudited.

Discussion of Changes in Statements of Net Position

Reference is made to the comparative statements of net position at June 30, 2023, 2022 and 2021 and the year-over-year increases and decreases presented on the prior page and the consolidated Statements of Net Position and Combined Statements of Net Position.

Assets

Cash Equivalents. The increase in Cash and Cash Equivalents in FY 2023 was primarily due to the issuance of bonds, the receipt of proceeds from investment redemptions, and the receipt of grants for which the related disbursements will be made in a future period, partially offset by the purchase of investments, the redemption of bonds and the purchase of new loans. The decrease in Cash and Cash Equivalents in FY 2022 was primarily due to the purchase of investments, the redemption of bonds and the purchase of new loans, partially offset by the issuance of bonds and the receipt of proceeds from investment redemptions.

Cash and Cash Equivalents

Balance at June 30	\$ 836,374	\$ 768,730	\$ 1,214,476
\$ increase/(decrease) from prior period	67,644	(445,746)	
% increase/(decrease) from prior period	9%	-37%	

Investments. The increase in Investments in FY 2023 was primarily the result of the purchase of investments in the Housing Bond (HB) Program, Single-Family Housing Revenue Bond (SFHRB) Program and the WCF, partially offset by the redemption of investments in the same programs. The increase in Investments in FY 2022 was primarily the result of the purchase of investments in the HB and SFHRB Programs, partially offset by accelerated payments on MBS due to increased refinancing activity on the underlying loans.

At June 30, 2023, 2022 and 2021, MBS with a fair value totaling approximately \$407 million, \$477 million and \$638 million, respectively, were held as investments in the WCF and Affiliates, the SFHRB Program and the Residential Mortgage Revenue Bond (RMRB) Program. At June 30, 2023 and 2022, the aggregate fair value of these investments was lower than their cost basis by approximately \$36 million and \$16 million, respectively. At June 30, 2021 the aggregate fair value of these investments exceeded their cost basis by approximately \$38 million. These amounts were recorded to reflect the current value that is the result of a changing interest rate environment. In addition, certain MBS held in the WCF and Affiliates are pledged as security for the FHLB of Boston's "Helping to House New England" program loans. MBS are recorded as investments and are not expected to be sold prior to maturity. Because the Agency expects to hold these MBS to maturity, it does not expect to realize fair market gains or losses from these investments, and only interest income is expected.

Loan Portfolios. The net increase in the mortgage loan portfolios in both FY 2023 and FY 2022 was primarily the result of multifamily and single-family loan production, partially offset by loan collections and an increase in the allowance for uncollectable accounts.

The following are key highlights of comparative loan related activities for the years ended June 30, 2023, 2022 and 2021:

Multifamily Loans. The increase in the multifamily mortgage loan portfolio in both FY 2023 and FY 2022 was primarily the result of a combination of new lending activity, partially offset by loan payoffs and an increase in the allowance for uncollectible accounts.

¹ This table does not include originations for which neither the bonds nor the mortgage loans securing those bonds are in the Agency's financial statements. For more details see Conduit Debt disclosure in Note H - Bond and Note Indebtedness.

² The Agency retains the servicing rights on these loans and receives servicing fees, but the loans are not reflected on the Combined Statements of Net Position.

Mortgage loans and other receivable balances are reported net of allowances for uncollectible amounts. The evaluation of the multifamily loan portfolio takes into consideration the entire loan portfolio, primarily utilizing an impairment assessment model that employs the most recent or readily available net operating income data along with capitalization rates, property location, costs to sell, capital needs assessments and other data in assessing potential impairment to establish a reserve that complies with accounting principles generally accepted in the United States and therefore presents loans at their estimated net realizable value. In certain instances, independent appraisals and other pertinent data such as loan repayment status or physical property status is obtained to assist management's decision in determining the estimated fair value of the property which serves as collateral on the loan.

The increase in the multifamily allowance in FY 2023 and FY 2022 was mainly due to an increase in new subordinate debt on projects for which the current expectations are not supportive of full collection.

Single-Family Loans. The increase in single-family loans in both FY 2023 and FY 2022 was primarily the result of an increase in loans purchased by the SFHRB Program, partially offset by loan payoffs and an increase in the loan reserve.

During each of the last three fiscal years, Home Ownership purchased single-family loans from participating lenders. Beginning with the quarter ending December 31, 2022, Home Ownership began originating single family loans sourced through mortgage brokers. As part of efforts to carry out its mission to provide financing for affordable housing in Massachusetts, MassHousing developed a wholesale lending channel to expand its reach across the state with a particular focus on increasing its lending within Massachusetts Gateway Cities and to underserved communities. Loan purchases and originated loans are initially funded through the WCF. The WCF serves as a temporary funding source for Home Ownership lending activity, pending subsequent sale of the loans, or loans wrapped by MBS, either to outside investors or to one or more of MassHousing's bond programs. The table below summarizes the WCF warehouse activity for each of the years ended June 30, 2023, 2022 and 2021, including the purchases of loans and the sales of the loans, or loans wrapped by MBS, to: FNMA, the SFHRB Program, the WCF, FHLMC, and other loan sales. There have been no sales of loans wrapped by MBS to the RMRB Program during these periods. MassHousing retains the servicing rights for all loans sold or loans wrapped by MBS to FNMA, the SFHRB Program, the RMRB Program, FHLMC and others.

Home Ownership Servicing Portfolio. MassHousing’s Mortgage Service Center (MSC), which was established in 1996 within Home Ownership, services the Home Ownership loan portfolio. As of June 30, 2023, 2022 and 2021, the MSC serviced a portfolio with a principal balance of approximately \$3.7 billion, \$3.3 billion, and \$3.5 billion, respectively, for each of the three years, as detailed more fully in the table below:

As of June 30, 2023, 2022 and 2021, the Agency’s Home Ownership servicing portfolio had payment arrearages on first mortgage loans of 30 days or more on 759 loans (4.48% of the loans in the Home Ownership servicing portfolio), 825 loans (5.26% of the loans in the Home Ownership servicing portfolio), and 1,405 loans (8.19% of the loans in the Home Ownership servicing portfolio), respectively. The outstanding mortgage loan balances for these loans at June 30, 2023, 2022 and 2021 totaled \$147.7 million (4.05% of the outstanding principal balance of the loans in the Home Ownership servicing portfolio), \$163.0 million (5.06% of the outstanding principal balance of the loans in the Home Ownership servicing portfolio) and \$282.6 million (8.16% of the outstanding principal balance of the loans in the Home Ownership servicing portfolio), respectively.

Liabilities

Debt Payable. MassHousing’s total debt payable, which includes bonds, notes and other debt obligations, comprised approximately 84%, 82% and 82% of total liabilities at June 30, 2023, 2022 and 2021, respectively. All bonds are special obligations of MassHousing and all notes are either special obligations or general obligations of MassHousing, depending on the terms of the applicable resolution. All other debt obligations are general obligations of MassHousing. General obligations of MassHousing are secured by the full faith and credit of MassHousing and are payable out of any of its moneys or revenues, subject to lawful expenditures and to the provisions of any other resolutions or agreements now or hereafter pledging particular moneys or revenues to particular notes, bonds or other obligations of MassHousing. Special obligations are payable solely from and secured solely by a pledge of certain Revenues and Funds established under a specific bond resolution. Funds generated from the sales of bonds and notes are used to fund or purchase mortgages or MBS. Principal and interest payments received from such loans and MBS are used to fund the debt service (principal and interest payments) due on MassHousing’s bonds and notes.

The increase in total debt payable in FY 2023 was mainly due to the issuance of bonds and notes in the SFHRB, HB and Direct Purchase Construction Loan Notes (DPCLN) Programs, partially offset by the redemption of bonds in the HB and SFHRB Programs, and note repayments on the DPCLN. The decrease in total debt payable in FY 2022 was mainly due to the redemption of bonds in the SFHRB Program and the WCF.

Bond and Note Activity. MassHousing incurred approximately \$1,057 million, \$625 million and \$718 million of new bond and note debt in FY 2023, FY 2022 and FY 2021, respectively, to fund multifamily and single-family loans, as detailed more fully in the table below:

Total Net Position

Restricted Net Position. Restricted net position is the portion of net position on which constraints have been placed that are either (1) externally imposed by creditors, grantors, laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation. These are presented as restricted net position on the combined Statements of Net Position. MassHousing management designates a portion of unrestricted net position balances for specific purposes that further MassHousing's mission. MassHousing Board members (Members) may also choose to remove or modify such designations at any time.

WCF and Affiliates. The increase in total net position of the WCF and Affiliates for the year ended June 30, 2023 was primarily the result of three factors: operating income of \$91.6 million and a transfer of net position from bond programs of \$17.9 million, partially offset by an increase in the provision for loan losses of \$45.7 million. The increase in total net position of the WCF and Affiliates for the year ended June 30, 2022 was primarily the result of three factors: operating income of \$19.1 million and a transfer of net position from bond programs of \$37.0 million, partially offset by an increase in the provision for loan losses of \$9.4 million.

The decrease in net position of the bond-funded programs for the year ended June 30, 2022 was primarily the result of three factors: net transfers to the WCF of \$37.0 million and an operating loss before provision for loan losses of \$30.2 million, partially offset by a decrease to the provision for loan losses of \$1.9 million.

Discussion of Operating Results

Reference is made to the statements of revenues, expenses, and changes in net position for the fiscal years ended June 30, 2023, 2022 and 2021, and the year-over-year increases and decreases presented on the prior page. Changes in Operating Income are the result of several major items that positively or negatively affected Operating Income as described below:

Operating Revenues

Interest on Loans. Interest on loans for the year ended June 30, 2023 increased, as compared with FY 2022, primarily due to the increase in the Loans Receivable in the single-family program and an increase in interest rates on newer loans, which is increasing the overall portfolio rate. Interest on loans for the year ended June 30, 2022 decreased, as compared with FY 2021, primarily due to the decrease in interest rates on newer loans when compared to the rates on paid off loans.

Investment Earnings. Investment Earnings consist of interest income and increases or decreases in the fair value of investments. Investment Earnings for the year ended June 30, 2023 increased, as compared with FY 2022, primarily due to an increase in Interest Income on Investments as a result of rising interest rates, and a lower decrease in the Fair Market Value of Investments. Investment Earnings for the year ended June 30, 2022 decreased, as compared with FY 2021, primarily due to a decrease in the Fair Market Value of Investments, as a result of the rising interest rate environment.

Fee Income. Fee Income includes fees received from loan originations, securitization premiums, loan servicing fees, insurance premiums, and Section 8 administrative fees received from HUD, including administrative fees that are paid by HUD to MassHousing in consideration for serving as HUD's contract administrator with respect to the Performance-Based Contract Administration (PBCA) program contract and the Traditional Contract Assistance (TCA) program. Fee Income for the year ended June 30, 2023, as compared with FY 2022, was flat with increases in contract administration and financing fees, offset by a decrease in secondary marketing gains on single family and multifamily loan sales. Fee Income for the year ended June 30, 2022, as compared with FY 2021, decreased primarily due to a decrease in secondary marketing gains on single family loan sales and a decrease in multifamily recapitalization fees, partially offset by an increase in multifamily secondary marketing gains on loan sales.

As noted above, MassHousing receives fee income in consideration for serving as HUD's contract administrator with respect to project-based Section 8 subsidy programs in the Commonwealth, including both the PBCA and TCA programs. Starting in 2011, HUD sought to achieve cost savings in the PBCA program and initiated the first of several processes for re-bidding PBCA administration in multiple states. Each such process has been withdrawn or overturned following legal challenges. On December 20, 2022, HUD gave notice of its election to extend the tenth amendment of the Annual Contributions Contract (ACC), subject to the availability of sufficient appropriations, for the first extension term, which began on February 1, 2023 and ended on July 31, 2023. On May 12, 2023, HUD gave notice of its election to extend the tenth amendment of the ACC, subject to the availability of sufficient appropriations, for the second extension term, which began on August 1, 2023 and will end on January 31, 2024. Effective June 1, 2023, HUD transferred the remaining three contracts, which MassHousing administered on HUD's behalf, from the Section 8 TCA program into the PBCA program. MassHousing's Section 8 contract administration work under the TCA program has concluded.

Other Income. Other Income primarily includes insurance claim receipts on foreclosed properties, reinsurance receipts received by MIF on insurance claims paid, recoveries on multifamily loans previously charged off, fees for administering certain contracts and various other operating income items. Other Income for the year ended June 30, 2023, as compared to FY 2022, increased primarily due to an increase in funds received for administering certain contracts. Other income for the year ended June 30, 2022, as compared to the year ended June 30, 2021, decreased primarily due to funds received from multifamily refinancings in FY 2021 not occurring in FY 2022.

Operating Expenses

Interest Expense on Bonds and Notes, net of premium/discount. Interest Expense on Bonds and Notes, net of premium/discount, for the year ended June 30, 2023, as compared with FY 2022, increased due to the issuance of new bonds in excess of the redemption of bonds, an increase in the interest on new bonds and an increase in interest on variable rate bonds. Interest Expense on Bonds and Notes, net of premium/discount, for the year ended June 30, 2022, as compared to FY 2021, decreased due to savings from bond refundings and lower interest rates.

Administrative Expenses. Administrative Expenses for the year ended June 30, 2023, as compared with the year ended June 30, 2022, increased primarily due to an increase in Pension expenses. Administrative Expenses for the year ended June 30, 2022, as compared with FY 2021, decreased due to a decrease in Pension and other post-employment benefits (OPEB) expenses.

Provision for Loan Losses. The Provision for Loan Losses for the year ended June 30, 2023, as compared with the year ended June 30, 2022, increased primarily due to an increase in new subordinate debt on projects for which the current expectations are not supportive of full collection. The Provision for Loan Losses for the year ended June 30, 2022, as compared with the year

ended June 30, 2021, decreased mainly due to fewer projects experiencing reserve requirements in FY 2022 as compared to FY 2021.

Net Grant Activity. In accordance with MassHousing’s grant policy, MassHousing recognizes Grant Income based on satisfaction of timing and eligibility requirements as required in the relevant accounting standards, and outgoing grants are expensed as disbursed. Certain programs allow for the disbursement of funds in the form of a repayable loan. These loans are included in Loans Receivable and are reported net of allowance, as described more fully in Note B to the Fiscal 2023 Financial Statements in the Annual Report – “Summary of Significant Accounting Policies.” Grant income may be recognized in a different accounting period than the grant expense. As a result, grant expenses may exceed grant income in some years.

For the fiscal years ended June 30, 2023, 2022 and 2021, respectively, the Agency received and made expenditures on the following grants:

Discussion of Changes in Statements of Net Position

Reference is made to the comparative statements of net position at March 31, 2024, 2023 and 2022 and the year-over-year increases and decreases presented on the prior page and the consolidated Statements of Net Position and Combined Statements of Net Position.

Assets

Cash and Cash Equivalents.

Cash and Cash Equivalents (in thousands)	2024	2023	2022
Balance at March 31	\$ 1,118,547	\$ 1,213,993	\$ 688,501
\$ increase/(decrease) from prior period	(95,446)	525,492	
% increase/(decrease) from prior period	-8%	76%	

The decrease in Cash and Cash Equivalents at March 31, 2024 was primarily due to the purchase of new loans, the purchase of investments and the redemption of bonds, partially offset by the receipt of proceeds from investment redemptions, the collections on loans, the issuance of bonds and the receipt of grants for which the related disbursements will be made in future periods. The increase in Cash and Cash Equivalents at March 31, 2023 was primarily due to the issuance of bonds and the receipt of proceeds from investment redemptions, and the receipt of grants for which the related disbursements will be made in a future period, partially offset by the purchase of investments, the redemption of bonds and the purchase of new loans. Disclosure for Cash and Cash Equivalents is contained in Note C to the Fiscal 2023 Financial Statements.

Investments.

Investments (in thousands)	2024	2023	2022
Balance at March 31	\$ 1,187,677	\$ 1,267,963	\$ 1,377,091
\$ (decrease) from prior period	(80,286)	(109,128)	
% (decrease) from prior period	-6%	-8%	

The decrease in Investments at March 31, 2024 and March 31, 2023 was primarily the result of the redemption of investments in the HB Program, the WCF, and the SFHRB Program, partially offset by the purchase of investments in the HB Program, the WCF, and the SFHRB Program. Disclosure for Investments is contained in Note C to the Fiscal 2023 Financial Statements.

At March 31, 2024, 2023 and 2022, MBS with a fair value totaling approximately \$437.2 million, \$418.5 million and \$511.3 million, respectively, were held as investments in the WCF and Affiliates, the SFHRB Program and the RMRB Program. MBS held in the WCF and Affiliates are recorded as investments and are not expected to be sold prior to maturity. In addition, certain MBS held in the WCF are pledged as security for the FHLB of Boston's "Helping to House New England" program loans. MBS held under the SFHRB and RMRB Resolutions are recorded as investments, pledged as security for bonds issued under the SFHRB and RMRB Programs, respectively, and are not expected to be sold prior to maturity. Because the Agency expects to hold these MBS to maturity, it does not expect to realize gains or losses from these investments, and therefore only interest income is expected.

Loan Portfolios.

Loan Portfolios (in thousands)	2024	2023	2022

% increase from prior period	5%	13%	

The net increase in the mortgage loan portfolios at March 31, 2024 and 2023 was primarily the result of multifamily and single-family loan production, partially offset by loan collections and an increase in the allowance for uncollectible accounts.

The following are key highlights of comparative loan related activities for the periods ended March 31, 2024, 2023 and 2022:

Multifamily Loans.

Multifamily Loans, net (in thousands)	2024	2023	2022

\$ increase/(decrease) from prior period	(61,595)	61,119	
% increase/(decrease) from prior period	-2%	2%	

The decrease in the multifamily mortgage loan portfolio at March 31, 2024 was primarily the result of an increase in the allowance for uncollectible accounts and loan payoffs, partially offset by new lending activity. The increase in the multifamily mortgage loan portfolio at March 31, 2023 was the result of new lending activity, partially offset by loan payoffs and an increase in the allowance for uncollectible accounts.

Loans retained in Bond Resolutions or WCF	\$ 103.6	\$ 355.0	\$ 239.2
Loans securitized as MBS and sold to Investors ²	266.4	204.2	460.2
Loans sold to FFB ²	21.5	-	-
	\$ 391.5	\$ 559.2	\$ 699.4

¹ This table does not include originations for which neither the bonds nor the mortgage loans securing those bonds are in the Agency's financial statements. For more details, see Conduit Debt disclosure in Note H of the Fiscal 2023 Financial Statements in the Annual Report.

² The Agency retains the servicing rights on these loans and receives servicing fees, but the loans are not reflected on the Combined Statements of Net Position.

Mortgage loans and other receivable balances are reported net of allowances for uncollectible accounts. The evaluation of the multifamily loan portfolio takes into consideration the entire loan portfolio, primarily utilizing an impairment assessment model that employs the most recent or readily available net operating income data along with capitalization rates, property location, costs to sell, capital needs assessments and other data in assessing potential impairment to establish a reserve that complies with accounting principles generally accepted in the United States and therefore presents loans at their estimated net realizable value. In certain instances, independent appraisals and other pertinent data such as loan repayment status or physical property status is obtained to assist management's decision in determining the estimated fair value of the property which serves as collateral on the loan.

Multifamily Loan Loss Reserve

(in thousands)

	2024	2023	2022
Balance at March 31	\$ 292,769	\$ 232,960	\$ 225,761

Reserve/Loan percentage	9.76%	7.77%	7.70%
\$ reserve increase from prior period	59,809	7,199	
% reserve increase from prior period	26%	3%	

The increase in the multifamily allowance at both March 31, 2024 and 2023 was mainly due to an increase in new subordinate debt on projects for which the current expectations are not supportive of full collection.

Single-Family Loans.

Single-Family Loans, net (in thousands)	2024	2023	2022
Balance at March 31	\$ 1,257,375	\$ 1,010,711	\$ 629,716
\$ increase from prior period	246,664	380,995	
% increase from prior period	24%	61%	

The increase in single-family loans at both March 31, 2024 and 2023 was primarily the result of an increase in loans purchased by the SFHRB Program, partially offset by loan payoffs and an increase in the allowance for uncollectible accounts.

Single-family mortgage loans are reported net of allowances for uncollectible accounts.

Single-Family Loan Reserve (in thousands)	2024	2023	2022
Balance at March 31	\$ 5,302	\$ 4,539	\$ 4,427

Reserve/Loan percentage	0.42%	0.45%	0.70%
\$ reserve increase from prior period	763	112	
% reserve increase from prior period	17%	3%	

The increase in the single-family loan reserve at both March 31, 2024 and 2023 was primarily due to an increase in subordinate loans related to down payment assistance to borrowers, an increase in delinquencies on first mortgages, and a growing loan portfolio.

During each of the last three fiscal years, Home Ownership purchased single-family loans from participating lenders. Beginning with the quarter ended December 31, 2022, Home Ownership began originating single-family loans sourced through mortgage brokers. As part of efforts to carry out its mission to provide financing for affordable housing in Massachusetts, MassHousing developed a wholesale lending channel to expand its reach across the state with a particular focus on increasing its lending within Massachusetts Gateway Cities and to underserved communities. Loan purchases and originated loans are initially funded through the WCF. The WCF serves as a temporary funding source for Home Ownership lending activity, pending subsequent sale of the loans, or loans wrapped by MBS, either to outside investors or to one or more of MassHousing's bond programs. The table below summarizes the WCF activity for each of the periods ended March 31, 2024, 2023 and 2022, including the purchase and origination of loans and the sales of the loans, or loans wrapped by MBS, to: FNMA, the SFHRB Program, the WCF, FHLMC and other loan sales. There have been no sales of loans wrapped by MBS to the RMRB Program during these periods. MassHousing has retained the servicing rights for all loans sold or loans wrapped by MBS to FNMA, the SFHRB Program, the RMRB Program, FHLMC and others.

Home Ownership Servicing Portfolio. MassHousing's MSC, which was established in 1996 within Home Ownership, services the Home Ownership loan portfolio. As of March 31, 2024, 2023 and 2022, the MSC serviced a portfolio with a principal balance of approximately \$3.9 billion, \$3.6 billion and \$3.3 billion, respectively, for each of the three periods, as detailed more fully in the table below:

Home Ownership Servicing Portfolio**(in millions)**

As of March 31, 2024, 2023 and 2022, the Agency's Home Ownership Program had payment arrearages on first mortgage loans of 30 days or more on 729 loans (4.21% of the loans in the Home Ownership servicing portfolio), 668 loans (4.06% of the loans in the Home Ownership servicing portfolio), and 774 loans (4.85% of the loans in the Home Ownership servicing portfolio), respectively. The outstanding mortgage loan balances for these loans as of March 31, 2024, 2023 and 2022 totaled \$143.6 million, \$129.9 million and \$149.4 million, respectively.

Liabilities

Debt Payable. MassHousing's total debt payable, which includes bonds, notes and other debt obligations, comprised approximately 84%, 84% and 83% of total liabilities at March 31, 2024, 2023 and 2022, respectively. All bonds and notes are either special obligations or general obligations of MassHousing. All bonds and notes that are special obligations of MassHousing are payable solely from and secured solely by a pledge of certain Revenues and Funds established under the specific resolution. All bonds that are general obligations of MassHousing are in the General Rental Development Bond (GRDB) Program and all notes that are general obligations of MassHousing are in the WCF and are secured by the full faith and credit of MassHousing and are payable out of any of its moneys or revenues, subject to lawful expenditures and to the provisions of any other resolutions or agreements now or hereafter pledging particular moneys or revenues to particular notes, bonds or other obligations of MassHousing. Funds generated from the sales of bonds and notes are used to fund or purchase mortgages or MBS. Principal and interest payments received from such loans and MBS are used to fund the debt service (principal and interest payments) due on MassHousing's bonds and notes.

\$ increase/(decrease) from prior period	(77)	770	
% increase/(decrease) from prior period	-2%	20%	

The decrease in total debt payable at March 31, 2024 was mainly due to the redemption of bonds in the HB, SFHRB and GRDB Programs, note repayments in the Direct Purchase Construction Loan Notes (DPCLN) Program and a reduction in the balance of the Line of Credit, partially offset by the issuance of bonds in the HB, SFHRB and GRDB Programs, and note repayments in the DPCLN Program. The increase in total debt payable at March 31, 2023 was mainly due to the issuance of bonds in the SFHRB, HB and DPCLN Programs, offset by the redemption of bonds in the HB, SFHRB, Multi-Family Housing Bond, and GRDB Programs and note repayments on the DPCLN Program.

Bond and Note Activity. MassHousing incurred approximately \$468 million, \$1,041 million, and \$447 million of new bond and note debt in the first nine months of FY 2024, FY 2023, and FY 2022, respectively, to fund multifamily and single-family loans, as detailed more fully in the table below:

Restricted net position is the portion of net position on which constraints have been placed that are either (1) externally imposed by creditors, grantors, laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation. These are presented as restricted net position on the combined Statements of Net Position. MassHousing management designates a portion of unrestricted net position balances for specific purposes that further MassHousing's mission. MassHousing Board members may also choose to remove or modify such designations at any time.

% increase from prior period	12%	11%	

The increase in total net position of the WCF and Affiliates for the twelve-month period ended March 31, 2024 was primarily the result of three factors: operating income of \$163.4 million and transfers of net position from bond programs of \$18.9 million, partially offset by an increase in the provision for loan losses of \$54.2 million. The increase in total net position of the

WCF and Affiliates for the twelve-month period ended March 31, 2023 was primarily the result of three factors: operating income of \$101.9 million and transfers of net position from bond programs of \$18.9 million, partially offset by an increase in the provision for loan losses of \$10 million.

The increase in net position of the bond-funded programs for the twelve-month period ended March 31, 2024 was primarily the result of three factors: operating income before provision for loan losses of \$55.6 million, which was partially offset by net transfers to the WCF of \$18.9 million, and an increase in the allowance for loan losses of \$11.2 million. The decrease in net position of the bond-funded programs for the twelve-month period ended March 31, 2023 was primarily the result of three factors: net transfers to the WCF of \$18.9 million, which was partially offset by operating income before provision for loan losses of \$5.9 million, and a reduction in the allowance for loan losses of \$1.6 million.

Discussion of Operating Results

Reference is made to the statements of revenues, expenses and changes in net position for the nine-month periods ended March 31, 2024, 2023 and 2022, and the year-over-year increases and decreases presented on the prior page. Changes in Operating Income are the result of several major items that positively or negatively affected Operating Income as described below:

Operating Revenues

Interest on Loans. Interest on loans for the nine-month periods ended March 31, 2024 and 2023, as compared to the prior corresponding periods, increased, primarily due to the increase in Loans Receivable in the single-family programs and an increase in interest rates on newer loans, which is increasing the overall portfolio rate.

Investment Earnings. Investment Earnings consist of interest income and increases or decreases in the fair value of investments. Investment Earnings for the nine-month period ended March 31, 2024 increased, as compared with the nine-month period ended March 31, 2023, primarily due to an increase in interest income on investments as a result of rising interest rates, and an increase in the fair values of investments. Investment Earnings for the nine-month period ended March 31, 2023 increased, as compared with the nine-month period ended March 31, 2022, primarily due to an increase in interest income on investments as a result of rising interest rates, and a lower decrease in the fair values of investments.

Fee Income. Fee Income includes fees received from loan originations, securitization premiums, loan servicing fees, insurance premiums and Section 8 administrative fees received from HUD, including administrative fees that are paid by HUD to MassHousing in consideration for serving as HUD's contract administrator with respect to the PBCA program contract. MassHousing also received fees from the TCA program in prior periods.

Fee Income for the nine-month period ended March 31, 2024, as compared with the nine-month period ended March 31, 2023, increased slightly, primarily due to increases in contract administrative fee income and in multifamily secondary marketing gains, partially offset by decreases in financing fees and single-family secondary marketing gains. Fee Income for the nine-month period ended March 31, 2023, as compared with the nine-month period ended March 31, 2022, decreased primarily due to a decrease in secondary marketing gains on single-family and multifamily loan sales, partially offset by an increase in contract administration and financing fees.

As noted above, MassHousing receives fee income in consideration for serving as HUD's contract administrator with respect to the project-based Section 8 subsidy program in the Commonwealth. Starting in 2011, HUD sought to achieve cost savings in the PBCA program and initiated the first of several processes for re-bidding PBCA administration in multiple states. Each such process has been withdrawn or overturned following legal challenges. On December 19, 2023, HUD gave notice of its election to extend the tenth amendment of the ACC, subject to the availability of sufficient appropriations, for the third extension term, which began on February 1, 2024 and will end on July 31, 2024. Effective June 1, 2023, HUD transferred the remaining three contracts that MassHousing administered on HUD's behalf, from the Section 8 TCA program into the PBCA program. MassHousing's Section 8 contract administration work under the TCA program has concluded.

Grant Income. For a discussion of grant income please see Net Grant Activity below.

Other Income. Other Income for the nine-month period ended March 31, 2024, as compared with the nine-month period ended March 31, 2023, decreased, primarily due to a decrease in the receipt of administrative fees, partially offset by a recovery on a multifamily loan previously written off. Other Income for the nine-month period ended March 31, 2023, as compared with the nine-month period ended March 31, 2022, increased due to an increase in administrative fees received.

Operating Expenses

Interest Expense on Bonds and Notes, net of premium/discount. Interest Expense on Bonds and Notes, net of premium/discount, for the nine-month period ended March 31, 2024, as compared with the corresponding prior nine-month period ended March 31, 2023, increased due to the issuance of new bonds in excess of the redemption of bonds, an increase in interest on variable rate bonds and an increase in the fixed rates the Agency was able to obtain in the current market. Interest Expense on Bonds and Notes, net of premium/discount, for the nine-month period ended March 31, 2023, as compared with the corresponding prior nine-month period ended March 31, 2022, increased due to the issuance of new bonds in excess of the redemption of bonds and an increase in interest on variable rate bonds.

Administrative Expenses. Administrative Expenses for the nine-month period ended March 31, 2024, as compared with the nine-month period ended March 31, 2023, increased slightly due to an increase in Pension Expenses, Payroll Expenses, Other Post-Employment Benefits (OPEB) Expense, and Information Technology Professional Services and Information Technology Subscriptions, partially offset by a decrease in Service Contracts, Software Licenses and Maintenance, and Lease Expenses. Administrative Expenses for the nine-month period ended March 31, 2023, as compared with the nine-month period ended March

31, 2022, increased due to an increase in Payroll Expenses, OPEB Expense, Insurance expenses and Consulting Services, partially offset by a decrease in Pension Expenses and a decrease in the amortization of Servicing Rights and Excess Servicing Rights.

Net Grant Activity. In accordance with the Agency’s grant policy, the Agency recognizes grant income based on satisfaction of timing and eligibility requirements as required in the relevant accounting standards and outgoing grants are expensed as disbursed. Certain programs allow for the disbursement of funds in the form of a repayable loan. Grant income may be recognized in a different accounting period than the grant expense. As a result, grant expenses may exceed grant income in some years.

For the fiscal periods ended March 31, 2024, 2023 and 2022, respectively, the Agency received and made expenditures on the following grants:

Postemployment Benefits

The Massachusetts Housing Finance Agency Employees' Retirement System (System) was established to provide retirement benefits to employees of the Agency and their beneficiaries. The System is governed by a five-member board comprised of the Agency's Treasurer (ex-officio), two members elected by the System's participants, one member appointed by the Agency's Board and one member appointed by the System's Board members.

The System is a single employer public employee retirement system established by the Agency on June 12, 1974, under Massachusetts General Laws (MGL), Chapter 32 and is regulated by the Massachusetts Public Employee Retirement Administration Commission. The System is a defined benefit pension plan that covers eligible employees of the Agency.

Membership in the System is mandatory immediately upon the commencement of employment for all permanent full-time employees working at least 18 ³/₄ hours weekly. The System has one classification of members (general).

Pursuant to MGL, Chapter 32, the System provides retirement, disability, and death benefits to System members and their beneficiaries up to a maximum of 80% of a member's final three-year or five-year average salary based on hiring date. In addition to compensation, benefits are based upon a member's age and length of creditable service.

Members of the System become vested after 10 years of creditable service. Normal retirement occurs at age 65 or age 67 (if hired on or after April 2, 2012).

For employees hired prior to April 2, 2012, the annual amount of the retirement allowance is based on the member's final three-year average salary multiplied by (1) the number of years and full months of creditable service at the time of retirement and (2) a percentage based on age at retirement in accordance with a schedule provided by Massachusetts law. Assuming normal retirement at age 65, this percentage is 2.5%, which is reduced for individuals who retire prior to age 65 to reflect the longer pay out period. A member's final three-year average salary is defined as the greater of the highest consecutive three-year average annual rate of regular compensation and the average annual rate of regular compensation received during the last three years of creditable service prior to retirement.

For employees hired on or after April 2, 2012, the annual amount of the retirement allowance is based on the member's final five-year average salary multiplied by (1) the number of years and full months of creditable service at the time of retirement and (2) a percentage based on age at retirement in accordance with a schedule provided by Massachusetts law. Assuming normal retirement at age 67, this percentage is 2.5%. A member's final five-year average salary is defined as the greater of the highest consecutive five-year average annual rate of regular compensation and the average annual rate of regular compensation received during the last five years of creditable service prior to retirement.

Employees may elect early retirement after 20 years of service or at any time after attaining age 55 or age 60 with 10 years of eligible service. System members who become permanently and totally disabled may be eligible to receive a disability retirement allowance. The amount of benefits to be received depends on several factors, including the member's age, compensation, veteran status, years of service, and whether or not the disability is work-related. In addition, certain death benefits exist for beneficiaries of employees who die in active service.

At March 31, 2024, the Agency reported a liability of \$5.6 million for its net pension liability. The total pension liability used to calculate the net pension liability was determined based on an actuarial valuation dated as of January 1, 2023. The Agency's net pension liability was based on a projection of the Agency's long-term share of contributions to the pension plan relative to the projected contributions of all participating employees, actuarially determined. The FY 2024 funding was based on the actuarial report dated as of January 1, 2023. The FY 2023 funding was based on the actuarial report dated as of January 1, 2021. For additional information regarding MassHousing's Defined Benefit Pension Plan including assumptions, see Note N to the Fiscal 2023 Financial Statements in the Annual Report.

OPEB

A committee comprised of key staff members of MassHousing, one member designated by MassHousing's members and one member designated by MassHousing's Chief Executive Officer, administers the Massachusetts Housing Finance Agency OPEB Trust (OPEB Trust). Benefits vest after 10 years of service either at MassHousing alone or in combination with certain other Massachusetts public employers.

MassHousing is required to contribute approximately 80% of the basic cost of group health insurance for employees (and, in some cases, dependents) who retire after January 31, 2010, 85% for those who retired after July 1, 1994 and before February 1, 2010 and 90% for those employees who retired prior to July 2, 1994; the remaining cost is withheld from the retiree's or beneficiary's monthly pension benefit.

At March 31, 2024, the Agency reported a liability of \$308 thousand for its net OPEB liability. The total OPEB liability used to calculate the net OPEB liability was determined based on an actuarial valuation dated as of January 1, 2023. The FY 2024 funding was based on the actuarial report dated as of January 1, 2023. The FY 2023 fundings, which were made quarterly, were based on the actuarial report dated as of January 1, 2021. For additional information regarding MassHousing's Postretirement Healthcare Benefit Plan including assumptions, see Note N to the Fiscal 2023 Financial Statements in the Annual Report.

On April 29, 2022, the OPEB Trust committee voted to recommend that the Members of the Agency (the Board) change the fiscal year end of the OPEB Trust from June 30 to December 31. The Board approved the change on June 14, 2022 and therefore the subsequent reporting period for the OPEB Trust was for the six-month period of July 1, 2022 through December 31, 2022. Beginning January 1, 2023, the fiscal years correspond to the calendar year.

Debt Limit

As of March 31, 2024, MassHousing had bonds and notes outstanding under various general programs to provide permanent financing for rental housing and owner occupied housing. Each such program is established under one or more separate resolutions, and the bonds and notes under each program are separately secured. See the subsections entitled "Rental Programs – Rental Bond Programs – *Outstanding Bonds and Notes*", "Home Ownership Programs – Single Family Housing Revenue Bond Program – *Outstanding Bonds*" and "Home Ownership Programs – MBS Portfolio" below for further descriptions of the outstanding indebtedness of MassHousing. The Act limits the indebtedness of MassHousing outstanding from time to time for both rental housing and owner-occupied housing to \$4.9 billion of bonds and notes in the aggregate. As of March 31, 2024, MassHousing had approximately \$4.5 billion of bonds and notes outstanding.

Investment Policy

MassHousing's Investment Policy is designed to ensure the prudent management of funds, and the availability of operating and capital funds when required, while earning a competitive return within the policy framework. The primary objectives of investment activity, in order of priority, are safety, liquidity, and yield.

Under MassHousing's Investment Policy, last revised on April 13, 2021, investments of MassHousing may include direct obligations of, or obligations guaranteed by, the United States and certain of its agencies; obligations issued by states and political subdivisions thereof; obligations issued by certain Government-Sponsored Enterprises; prime commercial paper and other obligations of certain United States corporations; Asset-Backed Securities, deposits and investment agreements with banks or other financial institutions; repurchase agreements; and money market mutual funds, including the Massachusetts Municipal Depository Trust, a combined investment pool for governmental funds created by the Commonwealth. Investment of amounts held under MassHousing's bond resolutions and other security instruments are further limited by the provisions of such resolutions and instruments.

Specific information regarding MassHousing's investments is included in Note C to the Fiscal 2023 Financial Statements in the Annual Report.

Derivative Instruments

Derivative instruments are financial arrangements, often complex, used to manage specific risks or to make investments. By entering into these arrangements, organizations receive and/or make payments based on market prices or rates without actually entering into the related financial transactions. Derivative instruments associated with changing financial prices and rates result in changing cash flows and fair values that can be used as effective risk management or investment tools.

At March 31, 2024, MassHousing had three types of derivative instruments outstanding: interest rate swaps, an interest rate cap agreement, and MBS forward contracts. At March 31, 2023, MassHousing had two types of derivative instruments outstanding: interest rate swaps and an interest rate cap agreement.

For additional information regarding the Agency's derivative instruments, see Note J to the Fiscal 2023 Financial Statements in the Annual Report.

Legislative Developments

From time to time, bills may be introduced in the Commonwealth's legislature that could affect government operations generally or seek to impose financial and other obligations on MassHousing, including requiring the transfer of funds or assets from MassHousing to the Commonwealth or other Commonwealth agencies. Furthermore, measures and legislation may be considered by the federal government, or the state legislature, which measures could affect MassHousing's programs. While some of these measures may benefit the programs, no assurance can be given that the programs will not be adversely affected by such

measures. In addition, the United States Congress or the state legislature could enact legislation that would adversely affect the timing and amount of MassHousing's recoveries from mortgage loans and thereby adversely affect the availability of amounts for the payment of debt service on obligations. MassHousing cannot predict whether any such legislation will be enacted or, if it were enacted, what effect it would have on the revenues received by MassHousing from mortgage loans. There can be no assurance that any such legislation will not be enacted or that such legislation, if enacted, will not have an adverse impact on the operations of MassHousing, its financial condition or any of its contractual obligations.

On October 18, 2023, the Governor of the Commonwealth unveiled The Affordable Homes Act (AHA), a \$4 billion plan to jumpstart the production of homes and make housing more affordable across Massachusetts. The AHA is directed at reducing barriers to the production and preservation of housing, and giving communities the tools to develop more housing where it is needed. The majority of the spending would have benefits for low- and moderate-income households. This bond authorization is proposed to help drive housing production and preservation in Massachusetts. Certain proposals within the AHA may be directed to the Agency.

LITIGATION

MassHousing is involved in certain litigation and disputes incidental to its operations. Because it is generally difficult to predict the outcome of lawsuits, MassHousing cannot give any assurance as to the outcome of such litigation. Based upon the information it presently possesses, however, it is management's judgment that such litigation will not have a material adverse impact upon the financial condition of MassHousing.

RENTAL PROGRAMS

Rental Bond Programs

Under MassHousing's bond-financed rental bond programs, mortgage loans may be made by MassHousing in an amount not to exceed 90% of the cost of the project in the case of a for-profit mortgagor and in an amount not to exceed 100% of the cost of the project in the case of a not-for-profit mortgagor. Pursuant to the Act, MassHousing requires that not less than 20% of the units in each development be occupied by persons or families of low income.

Outstanding Bonds and Notes. The following table provides certain data relating to the general programs through which MassHousing is currently providing permanent financing for rental developments in the Commonwealth.

<u>Program</u>	Original Principal Amount of Outstanding Bond Issues	Bonds Outstanding Totals as of: 3/31/24	90-Day Delinquencies March 31, 2024

MassHousing has also issued \$94,700,000 of Direct Purchase Construction Loan Notes Issue 4 Block 2020A, 2022A, and Issue 5 Block 2022A, all of which were funded and outstanding as of March 31, 2024.

Between March 31, 2024 and the date of this Information Statement, MassHousing did not issue any Direct Purchase Construction Loan Notes.

Between March 31, 2024 and the date of this Information Statement MassHousing issued \$288,150,000 of additional bonds to finance multifamily housing in the Housing Bond Program.

Between March 31, 2024 and the date of this Information Statement, MassHousing did not issue any additional Conduit Bonds or Construction Loan Notes.

* These amounts do not include the Conduit issuances.

Conduit Bonds Issued under the General Rental Development Bond Resolution. MassHousing issues bonds, from time to time, under its General Rental Development Bond Resolution, to finance certain mortgage loans for which, due to the conduit nature of the obligations, neither the bonds nor the mortgage loans securing those bonds are included in MassHousing's financial statements. Each such bond issue is secured separately from any other obligations issued by MassHousing. The issues of such conduit bonds, outstanding as of March 31, 2024, are listed in the table below:

* This bond was in forbearance from June 1, 2022 thru May 28, 2024, when it was fully redeemed.

As to the Conduit Bonds, updated information with respect to each series of such bonds and related mortgage loan is available only to the extent required by the provisions of the applicable loan or disbursing agreements.

Rental Bond Programs – Policies and Procedures

General. The ability of mortgagors to make required mortgage payments is affected by a variety of factors, including satisfactory completion of construction within cost constraints, the achievement and maintenance of a sufficient level of occupancy, sound management of the developments, timely and adequate increases in rents to cover increases in operating expenses, including taxes, utility rates and maintenance costs, changes in applicable laws and governmental regulations and social and economic trends and the continuing availability of federal and Commonwealth subsidies. In recognition of these factors, MassHousing has adopted policies and review procedures for evaluation of the developments that it expects to finance and has established certain reserve and escrow requirements and procedures for regulating and monitoring operations with respect to such developments.

The policies, procedures and requirements discussed in the following sections represent current policies, procedures and requirements generally observed by MassHousing in processing loans for construction and/or permanent financing of rental housing developments and do not necessarily reflect those policies, procedures and requirements which were in effect at the time any particular Rental Development Mortgage Loan was originated. These policies, procedures and requirements may be modified from time to time as experience or changed conditions necessitate.

Selection and Approval of Rental Developments. The focus of MassHousing's rental bond programs is to finance well-planned and well-designed dwelling units for low- and moderate- income persons in locations where there is need for such housing. Under its housing programs, MassHousing may make loans for the construction, acquisition, rehabilitation and/or permanent financing of such housing. Such loans, as a general rule, are secured by a first mortgage lien on real property or on a leasehold estate but may be secured with such other security as MassHousing may determine.

In selecting developments, MassHousing considers, among other factors, the extent of the demand for the proposed housing in the market area, the quality and location of the proposed site, the design and manner of construction of the proposed development, the marketability of the proposed units, the experience and stability of the development team, the quality and experience of property management and the sufficiency of projected revenues to pay anticipated debt service and operating expenses. In some instances, MassHousing's design standards exceed federal minimum property standards in an attempt to foster better housing design and energy conservation, to contain construction and operational costs and to meet the special needs of residents of the Commonwealth.

The Feasibility Review Process. Loans for rental developments are originated by the Rental Business Development Division and underwritten by the Rental Underwriting Division. The Rental Business Development Division is responsible in general for evaluating the initial feasibility and desirability of proposed developments and receiving and screening applications for mortgage loans in accordance with established criteria. Loan proposals originated by Rental Business Development Division are underwritten for commitment by the Rental Underwriting Division and processed for conformance with MassHousing's threshold criteria, including compliance with statutory and regulatory requirements and MassHousing's underwriting standards.

Closing Requirements. In order to close on loans for developments that have successfully completed the feasibility review process and received mortgage loan commitments from MassHousing, mortgagors must enter into various traditional financing arrangements and may be required to provide additional security for such loans.

In order to reduce the risk of the imposition of liability under existing federal and Commonwealth environmental regulations, MassHousing undertakes certain procedures to determine whether the proposed site of a development may be the site of a release of oil or hazardous waste. Although MassHousing is undertaking such procedures, no assurance can be given that liability will not be imposed under existing federal and Commonwealth environmental regulations affecting developments financed or to be financed under MassHousing's rental bond programs.

The closing is the process by which the required mortgage and other legal documents evidencing MassHousing's interest in the real and personal property constituting the development and setting forth the obligations of MassHousing and the mortgagor during and after loan documents are executed, delivered and as applicable, recorded. Only following the closing will MassHousing disburse any MassHousing loan proceeds to the mortgagor, whether for construction or permanent financing.

Construction Monitoring and Completion Provisions. MassHousing's experience in financing developments thus far indicates that financial difficulties are most likely to occur during construction or in the initial four years of operation. Accordingly, MassHousing has established various requirements and procedures intended to assure timely completion of construction and to provide reserves in the event difficulties are encountered during construction or the early years of development operation.

Assurance of Completion (For Developments Involving a MassHousing Construction Loan). MassHousing requires the mortgagor and general contractor for each development to execute a construction contract acceptable to MassHousing. Under this contract, the general contractor agrees to complete construction in conformity with the plans and specifications approved by MassHousing. In order to assure completion of construction, the general contractor provides bonds and/or escrow arrangements in such amounts as determined and approved by MassHousing. Certain different requirements pertain to those developments insured by the Federal Housing Administration (FHA) of HUD.

Monitoring During Construction (For Developments Involving a MassHousing Construction Loan). After the mortgage loan closing, a pre-construction meeting is held by MassHousing's staff with the mortgagor's supervising architect and representatives of the general contractor and mortgagor in order to outline MassHousing's requirements during construction. MassHousing requires weekly inspections by the mortgagor's supervising architect to ensure adherence to the construction schedule and conformity with the plans and specifications, and, where applicable, requires periodic payroll submissions to permit monitoring of the payment of prevailing wages. MassHousing's field representative visits each development at various stages throughout construction but typically at least monthly. These scheduled visits are often scheduled to coincide with job conferences conducted by the mortgagor's supervising architect and include the contractor, subcontractors and the owner representative. MassHousing staff review and approve all payment requisitions, which are submitted monthly by the contractors and the owner and generally represents the value of work in place. MassHousing also recommends approval or disapproval of construction change orders. These change orders are approved by the mortgagor, the mortgagor's supervising architect, the contractor, and, if necessary, by the bonding company or other surety. It is the present policy of MassHousing that all costs associated with a construction change order are secured in advance by the mortgagor if no contingency funds or other reserves are available to fund such change orders.

Monitoring During Construction (For Developments Involving a MassHousing Permanent Loan Only). In instances where MassHousing is providing a permanent loan as a take-out to another lender's construction period financing (and, if applicable, a bridge loan), MassHousing's construction period monitoring is less extensive than described above. Closing of MassHousing's permanent loan is conditioned upon satisfactory completion of the proposed development in accordance with MassHousing-approved plans and specifications and other conditions, and, as such, risks associated with construction difficulties and cost overruns are largely mitigated. In such instances, MassHousing's monitoring during construction entails periodic inspections by MassHousing's field representative to ensure that the project is being built in accordance with MassHousing-approved plans and specifications. MassHousing also generally has the right, with certain limitations, to reject any change order which it determines will adversely affect the quality or the scope of construction, the use and occupancy of the Development or the terms of the Permanent Loan Commitment.

Delinquency Report

MassHousing maintains a Delinquency Report with respect to all the developments in its rental bond programs. The Delinquency Report includes any development that is not in compliance with its loan documents on account of, among other things, a debt service, tax, insurance or other escrow or replacement reserve arrearage of 30 days, or greater, and in excess of \$1,000. Additional notice is given for owners that have not submitted annual audited financial statements as required by their loan documents. There was one project, with a total of two loans, that had delinquencies in excess of 90 days in the rental bond programs as of March 31, 2024. There were no delinquencies in excess of 90 days in the rental bond programs as of March 31, 2023 or 2022.

Risk Analysis

Throughout the year, MassHousing conducts an analysis of the developments in its rental bond programs. The goal of the risk analysis is to flag potential operating and management problems, to prevent them entirely or fix them in their early stages. It is a tool MassHousing continues to refine as part of its commitment to limit any compromise to the health of the rental bond programs. The analysis uses key indicators common to all developments and establishes grades in each category. This allows the Rental Management Division to establish an order of priorities and identify properties that require the most attention.

Each development is evaluated in terms of three risk categories. The financial risk rating looks at the debt-service coverage, loan-to-value ratio and loan status. The physical condition risk rating evaluates the capital improvements that will be needed over time and the reserves available to pay for them, and the results of any physical inspections. The compliance risk rating evaluates the ability of the management company to comply with contractual affordability restrictions, submit the required reports in a timely manner and ensure that protections afforded to residents meet the requirements of the Agency’s mission. The data used in these ratings are derived from the annual audited financial statements submitted for each development and MassHousing’s annual Asset Management Review (AMR). The AMR is a comprehensive on-site visit by an asset manager, who evaluates indoor and outdoor physical conditions, inspects a percentage of apartments, reviews office procedures and evaluates capital needs. After the on-site visit, a report is written by the asset manager, reviewed and approved by the portfolio manager, and sent to the owner and management company, detailing items that are acceptable and items that need improvement. Asset managers follow up during the year on outstanding issues.

Using the audit and AMR information, potential risk is evaluated by assigning a grade of A through D in each category, based on risk points. An “A” grade indicates an area needing the least managerial review and monitoring; a “D” grade indicates an area needing closest monitoring. MassHousing has developed a wide array of remedial strategies for developments whose ratings indicate one or more deficiencies. Strategies include action plans, rent adjustments, preservation recapitalizations, financial workouts and tenant relations and other programming support offered by MassHousing’s Housing Stability Department. Foreclosure is an extreme option, and one that the other measures are intended to avert.

In order to provide a comprehensive long-range analysis of possible capital needs shortfalls, MassHousing periodically requires owners to perform a capital needs study. Each study defines the level of shortfall by comparing the costs of replacing major components/building systems in the applicable development to the current funding levels in the replacement reserve. The capital needs study is an important component of the physical condition risk calculation. MassHousing will work with owners to determine reasonable, workable levels of deposits to reserves. In cases where capital needs cannot be absorbed by project revenues, MassHousing and the owner/manager will do a case-by-case analysis of possible solutions.

The nature of the risk rating system provides the opportunity to adjust risk ratings at any time based on events and operating performance changes throughout the year. The ratings reflected were current as of the dates indicated and include all projects on which MassHousing holds a first mortgage lien.

Rental Development Mortgage Insurance and Credit Enhancement Programs

Certain housing developments funded by bonds issued under MassHousing's rental bond programs have been insured, or payments on mortgage loans on or secured by such developments have been guaranteed, under several federal mortgage insurance and guarantee programs. Set forth below is a summary description of the principal programs utilized by MassHousing in financing these developments.

Federal Risk Sharing Program. Section 542(c) of the Federal Housing and Community Development Act of 1992, and the regulations promulgated thereunder, direct the Secretary of HUD to carry out a risk-sharing program with qualified state and local housing finance agencies, including MassHousing. Under the program, MassHousing is authorized to underwrite mortgage loans on qualifying rental housing projects and HUD is authorized to provide full mortgage insurance for such mortgage loans provided that MassHousing agrees to share in the risk of loss due to default on the loans.

Multifamily Accelerated Processing (MAP)/GNMA. Under the MAP/GNMA program, existing MassHousing borrowers submit a loan application to one of MassHousing's joint venture partners or directly to MassHousing, who in turn underwrites a new FHA-insured mortgage loan (typically insured under Section 223(f) or Section 221(d)(4) of the National Housing Act). MassHousing issues a GNMA I multifamily MBS in order to fund each new loan and services each new loan as the mortgagee of record. MassHousing is an approved issuer of GNMA I multifamily MBS. Currently none of the loans originated under the MAP/GNMA program are part of the rental bond programs.

Section 8 Housing Assistance

Many of the rental housing developments funded by MassHousing's rental housing programs are receiving Section 8 housing assistance under the federal Housing Assistance Payments Program authorized by Section 8 of the National Housing Act (Section 8). MassHousing is currently HUD's administrator for most of its Section 8 assisted developments in Massachusetts through the PBCA program. Under the PBCA program eligible developments are covered under one aggregate ACC. Eligible Tenants are defined generally as those households whose income does not exceed 80% (on a scale weighted to reflect family size) of the median income for an area as determined by HUD.

Rental Housing Programs

Workforce Housing Fund. The Workforce Housing Fund supports housing with rents affordable to individuals and families with incomes of generally between 60% and 120% of Area Median Income (AMI), provides up to \$100,000 of subsidy per workforce housing unit, leverages strategic opportunities to use state-owned land, complements (does not replace) traditional MassHousing development financing, and ensures workforce housing units are deed restricted as affordable. The Agency has committed \$136.2 million to this program. An additional \$50 million, to be administered by the Agency, has been committed to the program by the Commonwealth's Executive Office of Housing and Livable Communities (EOHLC).

Subordinate Debt. MassHousing is utilizing a portion of federal grant money received from the U.S. Department of the Treasury's Capital Magnet Fund (CMF) to deploy subordinate loans behind certain of its first mortgages to multifamily developments that comply with the income-eligible requirements in an effort to increase the supply of affordable housing. The Agency has committed \$16.9 million to this program.

Massachusetts Community Climate Bank Fund (CCF). This program, funded with grant funds from the Commonwealth's Executive Office for Administration and Finance, is designed to maximize investment in the reduction of greenhouse gas emissions from the building sector. One of the CCF's primary goals is to attract private sector capital and federal funds available under the Inflation Reduction Act to finance building retrofits aligned with the Commonwealth's long-term climate objectives and new construction of decarbonized buildings. The bank will focus on the affordable housing market, where residents bear a disproportionate burden in energy costs and climate impacts, to promote an equitable energy transition and to meet the needs of environmental justice populations. Over time, the bank will diversify investments to include other decarbonization measures that benefit communities.

Tenancy Preservation Program (TPP). Through this program, funded with grant funds from the EOHLC, the Agency functions as a neutral party to landlord and tenant disputes, providing clinical consultation services to Massachusetts Housing Courts and landlords and short-term, intensive case management and stabilization services to tenants. The TPP serves residents with disabilities, including aging-related impairments and medical conditions that substantially limit one or more major life functions. The program's primary goal is to preserve tenancies by addressing the underlying issues related to the lease violation by connecting the tenant to community-based services.

Equitable Developers Fund (EDF). The purpose of this program, funded with grant funds from the EOHLC, is to provide financial assistance in support of the construction, rehabilitation, or redevelopment of real estate projects located in certain

economically challenged regions and undertaken by sponsors and developers that qualify as socially and economically disadvantaged. The Massachusetts Housing Investment Corporation (MHIC) administers the EDF and leads the day-to-day operations of the fund, including developing the fund's financial products, evaluating and underwriting developer applications, and servicing loans. MassHousing approves loans or other awards of financial assistance and administers grants to developers for technical assistance in building organizational capacity and understanding the Commonwealth's affordable housing development opportunities and financing sources.

HOME OWNERSHIP PROGRAMS

General

MassHousing's SFHRB Resolution and its Trust Indenture for Residential Mortgage Revenue Bonds (the Residential Mortgage Bond Indenture) authorize the issuance of bonds and notes for the purchase of home ownership mortgage loans and/or MBS. As of March 31, 2024, MassHousing had issued approximately \$8.8 billion of bonds and notes under its SFHRB Resolution, of which approximately \$1.5 billion were outstanding. Also, as of that date, MassHousing had issued approximately \$119 million of bonds under its Residential Mortgage Bond Indenture, of which approximately \$15.1 million were outstanding. MassHousing's Housing Bond Resolution also authorizes the issuance of bonds and notes for the purchase of home ownership mortgage loans; however, no bonds have been issued nor does MassHousing currently expect to issue any bonds for such purposes under the Housing Bond Resolution.

Prior to October 2009, proceeds of bonds and notes issued by MassHousing under the SFHRB Resolution were applied solely to the purchase of fixed rate mortgage loans. In October 2009, MassHousing modified its Home Ownership Program from exclusively a whole loan purchase program to a program that also included the purchase of MBS. MassHousing bases its decision as to whether to purchase fixed rate mortgage loans or MBS on prevailing market conditions. This allows for better execution in order to continue to provide affordable mortgage loans to low and moderate income borrowers.

As of March 31, 2024, whole mortgage loans represent 76% of the portfolio under the SFHRB Resolution and MBS represent the remaining 24%. To date, proceeds of bonds issued by MassHousing under the Residential Mortgage Bond Indenture have been used exclusively to purchase FNMA MBS.

As of June 3, 2019, through the Single Security Initiative, FNMA and FHLMC began issuing uniform mortgage-backed securities (UMBS), which are single-class securities backed by mortgage loans purchased by either FNMA or FHLMC. There is no commingling of collateral in UMBS. All securities purchased by the SFHRB Resolution and the Residential Mortgage Bond Indenture on or after June 3, 2019 relative to FNMA or FHLMC, are UMBS.

Each UMBS or GNMA MBS is a single pool, pass-through mortgage-backed security, bearing interest at a "pass through rate" approximately equivalent to the composite interest rate on the underlying pool of home ownership mortgage loans, less servicing fees payable to MassHousing and the guarantee fees payable to FNMA, GNMA or FHLMC. Each mortgage loan underlying a UMBS or GNMA MBS must meet the requirements set forth in the Program Documents (as defined under "Home Ownership Programs – Home Ownership Programs – Policies and Procedures" below), the SFHRB Resolution and the Residential Mortgage Bond Indenture, as applicable, as well as all other conditions set forth in FNMA's, GNMA's or FHLMC's Selling and Servicing Guides, as amended from time to time. UMBS or GNMA MBS purchased with amounts allocable to bonds issued under the SFHRB Resolution and the Residential Mortgage Bond Indenture are not required to be secured by mortgage pool insurance, as FNMA, GNMA or FHLMC guarantees the timely payment of principal and interest to the UMBS or GNMA MBS investor, respectively.

Other Programs. From time to time, MassHousing may pursue other alternative funding programs for the provision of home ownership mortgage loans in order to increase production and conserve tax-exempt bond volume for its Home Ownership Programs. MassHousing believes there is sufficient housing demand for funds to support these alternative programs. Depending upon the level of conventional mortgage rates, however, any alternative funding programs may cause the origination of loans with the proceeds of bonds issued under the SFHRB Program to be slower than would otherwise be the case without such programs.

MassHousing offers two types of Down Payment Assistance (DPA) Loans that are made in conjunction with a MassHousing first mortgage to be used for down payment assistance and closing costs. The first is the DPA Mortgage Loan program and the second is the MassHousing Workforce Advantage (WFA) Down Payment Assistance program. MassHousing recently made changes to its DPA programs, effective March 18, 2024. DPA Loans purchased with proceeds of the Bonds may include loans issued under both the retired and new DPA structure.

MassHousing DPA Mortgage Loans. Commencing in 2018, MassHousing initiated a DPA loan program, pursuant to which, for loans originated in and after September 2018, it provided an amount of up to the lesser of (i) five percent (5%) of the purchase price, or (ii) \$15,000 to eligible borrowers to be used for down payment and closing costs. As of March 18, 2024,

MassHousing began offering a flat DPA Mortgage Loan in an amount of \$25,000. All DPA Mortgage Loans, regardless of when they were issued, are fully-amortizing loans bearing interest at 2% per annum with a 15-year maturity (payable earlier upon full payment of the related first lien mortgage loan) and are secured by a second mortgage lien on the real property being acquired. These DPA mortgage loans are made available in conjunction with a first mortgage loan funded by MassHousing. Eligible properties are one- to four-family unit properties or condominiums in Massachusetts for borrowers who earn up to 100% of AMI, or up to 135% of AMI for borrowers who are purchasing a property in the city of Boston or in a Gateway City (as outlined by the Massachusetts Legislature) or in the City of Framingham or town of Randolph. The Agency has committed \$16.2 million to this program.

MassHousing Workforce Advantage. MassHousing also offers DPA Loans through its MassHousing Workforce Advantage program, which is a down payment assistance loan program available to income-eligible (80% of AMI), first-time homebuyers looking to purchase a one- to four-family properties or a condominium located in Massachusetts. Prior to March 18, 2024, the WFA DPA loans were made available in conjunction with a first mortgage loan funded by MassHousing for a principal amount of up to the lesser of (i) ten percent (10%) of the purchase price, or (ii) \$50,000, for properties located in a Gateway City (as outlined by the Massachusetts Legislature) or in the cities of Boston and Framingham or the town of Randolph (\$30,000 for properties located in the remainder of the Commonwealth). As of March 18, 2024, MassHousing currently offers flat WFA DPA Loans in an amount of \$30,000. The DPA loans, regardless of when they were issued, are subordinate mortgage loans at 0% interest, deferred until the sale, transfer, refinance, or payoff of the first mortgage loan. The sources of these funds were grants received by MassHousing from appropriations from the Commonwealth, the Federal Home Loan Bank of Boston's Helping to House New England Program, the CMF, and MassHousing's Opportunity Fund. The Agency has committed \$23 million to this program.

MassDREAMS Grant Program. Through this program, MassHousing provided down payment assistance in the amount of 5% of the sales price or appraised value, whichever was less, as well as additional eligible financial support. Eligible borrowers had to be residents of a disproportionately impacted community by COVID-19 as defined by the Massachusetts Executive Office for Administration and Finance at the time of application. The grants were made available to eligible first-time homebuyers for the purchase of a primary residence anywhere in the Commonwealth. Grants were available up to \$50,000 to borrowers who earned up to 100% of AMI, and \$35,000 to borrowers who earned greater than 100% but not in excess of 135% of AMI. Due to its overwhelming success, all of MassHousing's funds for MassDREAMS were fully committed and the program was suspended on November 30, 2022.

Single Family Housing Revenue Bond Program

General. As of March 31, 2024, MassHousing had raised approximately \$6.9 billion in lendable bond and note proceeds (not including recycled loan prepayments) under the SFHRB Resolution from the issuance of bonds. As of March 31, 2024, MassHousing held a total of 4,779 mortgage loans, including loans in the process of foreclosure, under the SFHRB Resolution (excluding loans underlying MBS), with an aggregate balance of approximately \$1.1 billion and 2,650 Down Payment Assistance loans with an aggregate balance of approximately \$30.8 million.

Outstanding Bonds and Notes. As of March 31, 2024, there were approximately \$1.5 billion aggregate principal amount of SFHRB bonds and notes outstanding under MassHousing's SFHRB Resolution. Attached as Schedule A is a table presenting certain information regarding MassHousing's SFHRB bonds and notes outstanding at such date, including the original principal amount issued and the range of interest rates for the outstanding bonds and notes. Between March 31, 2024 and the date of this Information Statement, MassHousing issued an additional \$124.8 million of bonds under the SFHRB Resolution.

Unexpended Proceeds and Loan Prepayments. As of March 31, 2024, there were approximately \$87.9 million of bond proceeds available under the SFHRB Resolution for the purchase of loans and MBS. While bonds issued by MassHousing under its SFHRB Resolution are subject to redemption or mandatory purchase and remarketing from unexpended original proceeds of such bonds, MassHousing has not redeemed or repurchased any bonds from unexpended original proceeds since 1993. As of March 31, 2024, approximately \$26 million of loan prepayments were held under the SFHRB Resolution (excluding loan prepayments allocable to bonds called for redemption). In general, loan prepayments held under the SFHRB Resolution are either applied to the purchase of new mortgage loans or MBS or to the redemption of bonds (either directly or through the issuance of refunding bonds) within six months of receipt. See "Mortgage Loan Portfolio – Prepayment Experience" below.

Certain Information Regarding Bond Interest Rates. Attached hereto as [Schedule B](#) is a table presenting the principal amounts and maturity dates of MassHousing's SFHRB Resolution bonds and notes outstanding as of June 25, 2024, by series and cumulative, listed by interest rate in order of highest to lowest for fixed rates, followed by variable rates.

Debt Service Reserve Fund (DSRF). The SFHRB Resolution establishes the DSRF and provides for its funding and maintenance in an amount at least equal to two percent (2%) of the sum of (i) the outstanding principal balance of all loans (provided that "loans" does not include loans underlying a MBS) then held under the SFHRB Resolution plus (ii) the aggregate amount, if any, then held in all purchase accounts which may be applied to the purchase of loans (the "DSRF Requirement"). As of March 31,

2024 the DSRF Requirement for all outstanding SFHRB Resolution bonds and notes was approximately \$24.2 million. At March 31, 2024, the fair value of the DSRF, including moneys and investment obligations, was approximately \$27.6 million.

Mortgage Loan Portfolio

The following tables set forth certain information regarding the mortgage loans held in the mortgage loan portfolio under the SFHRB Resolution at March 31, 2024. The information in the tables, as well as the information set forth below under the subheadings “*Mortgage Distribution*,” “*Prepayment Experience*,” “*Mortgage Loan Delinquencies*” and “*Mortgage Insurance and Loan Losses*,” pertains only to the mortgage loan portfolio held under the SFHRB Resolution at March 31, 2024 and does not include information pertaining to the pools of mortgage loans underlying MBS held under the SFHRB Resolution at that date. See “—MBS Portfolio and UMBS Portfolio” below.

As of the date shown, the mortgaged properties in the mortgage loan portfolio under the SFHRB Resolution had the following original loan to value ratios based on its first mortgage balance.

March 31, 2024

Loan to Value Ratios	Percentage of Properties in Mortgage Loan Portfolio
95.1% or above	17.0%
90.1 - 95.0	51.3%
80.0 - 90.0	17.8%
79.9% or below	13.9%
Total	100.0%

Mortgage Distribution. As of March 31, 2024, the SFHRB Resolution had mortgaged properties that were widely distributed with properties in 13 of the Commonwealth's 14 counties and in 339 of the Commonwealth's 351 cities and towns. The greatest concentration of mortgaged properties in the active portfolio were located in the following six cities:

Geographic Distribution of Mortgage Loan Portfolio

March 31, 2024

City	Number of Mortgage Loans	Total Mortgage Loans in Portfolio %
Springfield	354	7.41%
Boston	227	4.75%
Worcester	225	4.71%
Lynn	177	3.70%
Lowell	149	3.12%
New Bedford	140	2.93%

Prepayment Experience. As of March 31, 2024, MassHousing estimates that since inception of the SFHRB Resolution it has received approximately 48,065 loan prepayments in an aggregate amount of approximately \$3.8 billion on mortgage loans financed or otherwise held under the SFHRB Resolution. The table attached hereto as Schedule C sets forth the aggregate amount of loan prepayments received by MassHousing on mortgage loans financed or otherwise held under the SFHRB Resolution during each quarterly or other period starting January 1, 2008 and ending May 31, 2024, the series under the SFHRB Resolution to which such loan prepayments are attributable and the outstanding mortgage portfolio balance at the end of each such quarterly or other period. Total loan prepayments in the period starting January 1, 2008 and ending May 31, 2024 aggregated approximately \$2.2 billion (unaudited).

Currently, under the Internal Revenue Code of 1986, as amended (the Code), subject to a \$250,000 per issue *de minimis* exception, repayments and prepayments of principal received more than ten years after the date of issuance of certain qualified mortgage bonds (or, to the extent bonds are treated as refunding bonds, directly or through a series of refundings, the respective dates of issuance of the original bonds) may not be used to make additional mortgage loans but must be used to retire or redeem bonds (the Ten-Year Rule). Portions of the loan principal payments and loan prepayments received with respect to each issue under the SFHRB Resolution will be subject to the limitations of the Ten-Year Rule. The portions of the loan principal payments and loan prepayments subject to the Ten-Year Rule increase in percentage over time until they reach 100%. The dates as of which portions or all of the loan principal payments and loan prepayments received with respect to each series previously issued under the SFHRB Resolution and outstanding as of June 25, 2024 (unaudited) (expressed in percentages of the total of loan principal

payments and loan prepayments received as of each date) become subject to the Ten-Year Rule are listed in Schedule D attached hereto. The dates are for general reference only and may be modified upon review by MassHousing and to the extent permitted or required by the Code.

Mortgage Loan Delinquencies. The following table presents a comparison of the delinquency ratios of the mortgage loan portfolio under the SFHRB Resolution with the ratios of conventional and FHA-insured portfolios as reported by the Mortgage Bankers Association of America. As previously noted, this information pertains only to the mortgage loan portfolio held under the SFHRB Resolution at March 31, 2024 and does not include information pertaining to the pools of mortgage loans underlying MBS held under the SFHRB Resolution at that date.

Comparative Delinquency Statistics

March 31, 2024		
Portfolio	Delinquency Rate %	In Foreclosure Process %
<u>Conventional</u>		
National	2.46%	0.37%
New England	2.41%	0.41%
Massachusetts	2.29%	0.33%
<u>Mass Housing</u>		
	4.35%	0.61%
<u>FHA</u>		
National	9.53%	0.86%
New England	9.73%	0.84%
Massachusetts	10.34%	0.80%

As of March 31, 2024, there were 208 delinquent loans in the mortgage loan portfolio. Additionally, 29 loans with an aggregate loan amount of approximately \$6.6 million were in the process of foreclosure. MassHousing was also in the process of disposing of five REO properties with an aggregate loan amount of approximately \$813,000 at the time of the foreclosure.

The following table sets forth certain information for delinquent mortgage loans under the SFHRB Resolution for the periods ended March 31, 2024, 2023 and 2022. The delinquency data refers only to the loans held under the SFHRB Resolution and accordingly, "Real Estate Owned" is not included in this calculation.

Mortgage Insurance and Loan Losses. As of March 31, 2024, primary mortgage insurance was in effect on approximately 82.9% of the principal balance in the mortgage loan portfolio under the SFHRB Resolution and the balance of such mortgaged properties did not require mortgage insurance. Primary mortgage insurance was provided by private mortgage insurance companies (0.1%), the MIF (77.0%), the FHA and the Rural Housing and Community Development Service (RHCD) of the United States Department of Agriculture (collectively, 5.8%). See “Home Ownership Programs—Primary Mortgage Insurance” below. From the date of the inception of the SFHRB Resolution in 1985 to March 31, 2024, 1,644 mortgage loans had been foreclosed. During such period, primary mortgage insurers, including the MIF, have paid 1,342 claims in the amount of approximately \$57.5 million.

As required by the SFHRB Resolution, MassHousing either has obtained mortgage pool insurance policies from qualified insurers or has established a Loan Reserve Fund under the SFHRB Resolution to insure MassHousing against loan losses that are not covered by primary mortgage insurance or guaranteed by FNMA, FHLMC, or GNMA. See “Home Ownership Programs—Mortgage Pool Insurance Policies” and “—Loan Reserve Fund” below. As of March 31, 2024, 670 claims in the amount of approximately \$26 million had been filed against the applicable pool insurance policies. As of March 31, 2024, the Loan Reserve Fund Requirement was approximately \$19.1 million. As of March 31, 2024, the aggregate balance held in the Loan Reserve Fund established under the SFHRB Resolution was approximately \$23 million. As of March 31, 2024, MassHousing has funded approximately \$11.9 million of losses in the SFHRB Resolution from the Loan Reserve Fund (or its predecessor individual loan insurance funds).

After application of insurance claim recoveries and realized property sale proceeds, MassHousing has written off a cumulative total of approximately \$32.2 million in loans purchased under the SFHRB Resolution through March 31, 2024. There were no loans written off in the SFHRB for the nine months ending March 31, 2024. Additionally, MassHousing has made cumulative expenditures from the Revenue Fund established under the SFHRB Resolution of approximately \$7.2 million to maintain and protect its interest in delinquent loans both before and after initiation of foreclosure proceedings.

MassHousing performs a loan loss analysis of its homeownership mortgage loan portfolio on a quarterly basis and continually reviews the provision for potentially uncollectible amounts in its financial statements. As of March 31, 2024, MassHousing included an allowance for loan losses for the SFHRB Resolution in the amount of approximately \$2.0 million in its financial statements.

MBS Portfolio and UMBS Portfolio

As of March 31, 2024, the MBS and UMBS portfolio under the SFHRB Resolution included 377 FNMA MBS/UMBS and 55 FHLMC MBS/UMBS with a cost basis totaling approximately \$404.8 million.

As of March 31, 2024, MassHousing had issued approximately \$119 million of bonds under the Residential Mortgage Bond Indenture and expended a total of approximately \$119 million of the proceeds thereof on the purchase of MBS that are now held thereunder. As of March 31, 2024, the MBS portfolio under the Residential Mortgage Bond Indenture included eight FNMA MBS with a cost basis totaling approximately \$15.1 million.

The table in [Schedule E](#) sets forth certain information regarding the MBS and UMBS held under the SFHRB Resolution and the MBS held under the Residential Mortgage Bond Indenture as of March 31, 2024.

Home Ownership Programs – Policies and Procedures

General. MassHousing has implemented its Home Ownership Programs in accordance with the provisions of a Master Loan Purchase Agreement, which incorporates by reference the guidelines specified in MassHousing's Program (collectively, the Program Documents). The eligibility criteria and procedures set forth in the Program Documents have been established by MassHousing after consideration of standards and requirements of FNMA, FHLMC, GNMA and other major secondary mortgage market institutions.

Those provisions of the Program Documents described herein that are required by the SFHRB Resolution, the Residential Mortgage Bond Indenture, the Act or the Code are so identified and may only be modified by amendment of the SFHRB Resolution, the Residential Mortgage Bond Indenture, the Act or the Code, as the case may be. Otherwise, all of the provisions of the Program Documents may be modified by MassHousing from time to time or waived on a case-by-case basis.

Eligible Mortgage Lenders. Each mortgage lender participating in MassHousing's Home Ownership Programs must meet the eligibility requirements of the Program Documents. In particular, it must be authorized to engage in business in the Commonwealth and shall be an approved seller/servicer of conventional or VA-guaranteed or FHA-insured mortgage loans or mortgage loans purchased by FHLMC or FNMA or be a member of the FHLB system or have previously sold mortgage loans for MassHousing under its home ownership housing programs. Each mortgage lender must maintain in effect at all times, and at its expense, a fidelity bond (or direct surety bond) and certain errors and omissions insurance (including mortgage impairment coverage) covering all officers, employees and other persons duly authorized by it to act on its behalf for MassHousing.

Mortgage Brokers. Beginning with the quarter ending December 31, 2022, the Home Ownership Program began originating single-family loans sourced through mortgage brokers. As part of efforts to carry out its mission to provide financing for affordable housing in Massachusetts, MassHousing developed a wholesale lending channel to expand its reach across the Commonwealth, with a particular focus on increasing its lending within Massachusetts Gateway Cities and to underserved communities.

Eligible Borrowers. In order to qualify for a loan made under MassHousing's Home Ownership Programs, a borrower must satisfy the applicable income limits established by MassHousing for the geographic area in which the residence is located. Income limits under the Home Ownership Programs currently range from \$124,875 to \$164,200 for a household, depending on location and size of household. The income limits may be revised from time to time by MassHousing, subject to the requirements of the Code. Income limits are used by MassHousing solely to establish the borrower's eligibility for a loan and are not required to be used for purposes of credit evaluation. Additional credit evaluation is done on a case-by-case basis in accordance with the requirement of the federal Equal Credit Opportunity Act and guidelines set forth in the Program Documents.

Eligible Loans. Any loan for the acquisition and/or rehabilitation or improvement of a one- to four-family, owner-occupied residence located in the Commonwealth may be purchased with the proceeds of bonds and other amounts available for such purpose under MassHousing's bond resolutions. As of the date of this Information Statement, loans eligible for purchase under MassHousing's Home Ownership Programs include 30-year, fixed rate direct-reduction first mortgage loans. MassHousing also offers down payment assistance loans that are second mortgage loans. The interest rates for loans purchased under MassHousing's Home Ownership Programs are established by MassHousing, subject to the requirements of the Code, after consideration of program objectives, prevailing rates in the conventional mortgage market and the cash flow requirements of the SFHRB Resolution or the Residential Mortgage Revenue Bond Indenture, as applicable.

Residences that are eligible to be financed under the Home Ownership Programs must be located in the Commonwealth, be structurally sound and functionally adequate and meet all applicable zoning requirements, housing codes and similar requirements. Except in the case of loans made under the Housing Bond Resolution, two, three and four-family structures must have been first occupied as a residence at least five years prior to the closing date on the loan (although in some circumstances new

two-family structures are allowable), and all residences must be, or within a reasonable time after loan closing become, the principal residence of the mortgagor. In addition, with the exception of certain targeted areas defined by the Code and, subsequent to December 20, 2006, with respect to veterans of United States military service, and with respect to Home Improvement loans, the mortgagor must not have had a present ownership interest in another principal residence within the preceding three years.

In accordance with the requirements of the Code, MassHousing has established purchase price limits for residential dwellings financed under the SFHRB Resolution. Purchase price limits vary depending on the number and location of dwelling units. Maximum purchase price for communities in the Commonwealth range from up to \$844,043 for a one-family residence and condos, to up to \$1,080,539 for two, three and four-family residences depending on location. For new construction, only one- and two-family residences may be financed. Purchase price limits established for MassHousing's Home Ownership Programs may be revised from time to time by MassHousing, subject to the requirements of the Code. MassHousing's current policy is for its loans to not exceed the maximum loan amount for conforming mortgages acquired by FNMA or FHLMC.

MassHousing has an e-business platform that enables participating mortgage lenders to register loans on-line via emasshousing.com based on the information supplied by the lenders. Loans are electronically reviewed for compliance with program guidelines. Mortgage insurance certificates are electronically issued by the e-business platform. Lenders are able to monitor their respective loan reservation pipelines on-line and submit loans for purchase after completion.

Originating mortgage lenders, and MassHousing for loans sourced through mortgage brokers, are responsible for reviewing documents relating to loan applications and related submissions to determine compliance with MassHousing's standards and requirements for qualification of loans and borrowers set forth in the Program Documents. Each originating mortgage lender warrants and represents as of the date a loan is purchased by MassHousing that, among other things, such loan is lawful under and in conformance with all applicable laws, rules and regulations which govern the affairs of the mortgage lender and the borrower, and is eligible for purchase under the applicable Home Ownership Program, qualified for purchase by MassHousing under the Act and made to a borrower meeting the requirements of the applicable Home Ownership Program.

If a loan fails to meet the qualification requirements set forth in the Program Documents, including a failure of such loan to comply with the Code or a failure which otherwise impairs the value of the security for a loan, the mortgage lender from whom such loan was purchased shall, within 90 days of notification by MassHousing and at the option of MassHousing, either (i) cause the loan to be corrected to the satisfaction of MassHousing; (ii) repurchase the loan; or (iii) substitute for such loan another loan of principal amount, term, interest rate and other terms and conditions satisfactory to MassHousing.

Under most circumstances, mortgage loans originated under MassHousing's Home Ownership Programs are initially purchased by MassHousing's WCF. In order to provide funds for such purchases for the Agency's warehouse of single-family loans in the WCF, MassHousing has a Second Amended and Restated Revolving Loan Agreement, dated November 9, 2017 (the Revolving Loan Agreement) as most recently amended on April 14, 2023, with Bank of America, N.A. (the Bank), for a revolving line-of-credit in an aggregate principal amount not exceeding \$200 million. The balance from time to time outstanding under the line-of-credit bears interest at a "BSBY Rate Loan" rate as defined in the agreement, which is based on the Bloomberg Short-Term Bank Yield Index Rate, or a "Base Rate Loan" rate as defined in the agreement, which is based on the Federal Funds Rate or the Bank's prime rate, at the option of MassHousing.

Mortgage loans held in the WCF may be purchased by the SFHRB Resolution or be pooled into a UMBS or GNMA MBS, and sold to various investors including the SFHRB Resolution, the Residential Mortgage Bond Indenture, investment banks, FNMA, or FHLMC if the offered purchase price is advantageous to MassHousing.

Servicing Procedures. All loans are serviced by MassHousing's MSC, which was established in 1996 within MassHousing's Home Ownership Division. As of March 31, 2024, the MSC was servicing a portfolio of approximately 25,000 loans with a principal balance of approximately \$3.9 billion (which includes approximately \$1.1 billion serviced for the SFHRB Resolution).

Utilizing the Sagent Lending Technologies' LoanServ Servicing System, MSC is responsible for loan accounting, remitting the principal and interest payments on the loans to the proper investor, and accounting for and managing escrows for payment of property taxes, property insurance, primary mortgage insurance premiums and other applicable assessments. MSC receives a monthly servicing fee ranging from one-twelfth of three-eighths of one percent to one-twelfth of one-quarter of one percent of the outstanding principal balance of the loans. Servicing fees are deducted from loan interest payments.

MSC must take such appropriate action with respect to delinquencies as is required by FHA, VA, RHCDS, any applicable private mortgage insurer or the MIF in order to keep any mortgage insurance or guarantee in full force and to collect the same or such action as it would take with respect to conventional mortgage loans serviced for others or held for its own account. To the extent permitted by law, MSC may grant appropriate relief in the form of liquidation plans, special forbearance relief and modifications. A liquidation agreement may be entered into which gives the borrower a definite period in which to bring the loan

current by immediately commencing payment in excess of the regular monthly installments. A special forbearance agreement may be entered into which reduces or suspends the regular monthly installments for a specified period of time. A modification agreement may be formulated which effects modifications of the loan repayment provisions, including an extension of the original maturity date. In addition, under the Servicemembers Civil Relief Act, loans entered into by persons in military service prior to their period of active duty may bear interest at no more than 6% per year for the period of such person's active duty. Furthermore, under such Act, military personnel on active duty are also granted certain protections from foreclosure. MSC reduced the interest rate on loans to persons on active duty to 4%.

Mortgage loans funded by MassHousing's Home Ownership Programs (other than Home Improvement loans and down payment assistance loans) are secured by a first mortgage lien on the mortgaged property. Upon a default by the mortgagor under any of its obligations, the mortgagee may elect, subject to the provisions of applicable mortgage insurance policies, to foreclose on the mortgage by one of the methods available under Massachusetts law. A mortgagee can foreclose by (i) exercising the power of sale contained in the mortgage, (ii) entering to take possession of the mortgaged premises or (iii) taking judicial action seeking payment or sale pursuant to statute. The majority of foreclosures in the Commonwealth are carried out under the power of sale. Alternatively, with the agreement of the mortgagor and provided there are no junior lienholders, the mortgagee may take a deed of the mortgagor's equity of redemption in the mortgaged premises in lieu of foreclosure.

Primary Mortgage Insurance

General. The supplemental resolutions for all bonds currently outstanding under the SFHRB Resolution prohibit MassHousing from using amounts allocable to bonds issued under the SFHRB Resolution to purchase any loan with an original principal balance that exceeds 100% of the value of the property securing each loan. Such supplemental resolutions further require that each loan financed by MassHousing from amounts allocable to such bonds that has a principal amount in excess of 80% of the value of the property securing such loan be (i) insured or guaranteed by the FHA, the VA or the RHCDS; (ii) insured by a qualified mortgage insurance company; (iii) insured by the MIF; or (iv) insured, guaranteed or otherwise secured by another program of self-insurance established by or on behalf of MassHousing, in each case in such amounts and otherwise on such terms and conditions as shall not adversely affect the ratings then assigned to any outstanding bonds.

In addition, the supplemental resolutions for bonds issued under the SFHRB Resolution prior to December 15, 2009 provide that MassHousing may not use amounts allocable to such bonds to purchase any loan that has an original principal balance that exceeds 95% of the value of the property securing such loan unless (i) the loan is insured or guaranteed by the FHA, the VA, the RHCDS or the MIF and (ii) the purchase of such loan will not adversely affect the ratings then assigned to any outstanding bonds. Further, with respect to bonds issued under the SFHRB Resolution after December 15, 2009, the supplemental resolutions for such bonds require that each loan financed by MassHousing from amounts allocable to such bonds that has a principal amount in excess of 80% of the value of the property securing such loan and is insured by the MIF or by a private mortgage insurer shall be insured to a level such that the outstanding principal amount of such loan, less the amount of insurance proceeds available therefor, does not exceed 80% of the value of the property securing such loan.

Notwithstanding the foregoing, certain mortgage loans with a principal amount in excess of 80% of the value of the property securing such loan that are financed through the purchase of MBS/UMBS may not be required to be insured under applicable FNMA and FHLMC guidelines.

Federal Housing Administration Mortgage Insurance Programs. The National Housing Act authorizes the FHA to insure mortgage loans for the purchase of one- to four-family dwelling units, including condominium units. Mortgage loans under the FHA programs must bear interest at a rate not exceeding the maximum rate established by HUD from time to time, and such mortgage loans must be in conformance with the maximum loan amount limitations and minimum down payment requirements specified in the National Housing Act and regulations promulgated thereunder.

Insurance benefits are paid either on foreclosure and conveyance of title or on assignment of the mortgage loan to the Secretary of HUD. Under certain programs, the National Housing Act gives authority to the Secretary of HUD to settle claims for insurance benefits either in cash or debentures, which, in certain circumstances, may have an interest rate less than that of the insured mortgage. The amount of benefits paid by FHA on foreclosed properties after conveyance is equal to the unpaid principal amount of the mortgage loans plus certain tax, insurance and other payments made, and a portion of any foreclosure expenses incurred by the mortgagee, as well as interest from date of default at a rate equivalent to the debenture interest rate, less certain amounts received or retained in respect of the mortgaged property. The benefits payment made on assigned mortgages is equal to the unpaid principal amount of the loan plus any accrued and unpaid mortgage interest, as well as certain advances and costs approved by the Secretary, less certain amounts retained by the mortgagee.

Rural Housing and Community Development Service Guaranty Program. The RHCDS is authorized by Title V of the National Housing Act of 1949 to guaranty mortgage loans for the purchase by income eligible first-time homebuyers of single-family and condominium dwelling units located in designated rural areas. Loans guaranteed by the RHCDS can only be made to borrowers with incomes that fall within limits established by RHCDS. The maximum guaranty that may be issued by RHCDS under the program is 90% of the original principal amount of the mortgage loan. Guarantees issued by RHCDS under the program constitute a general obligation of the United States of America.

Private Mortgage Insurance. In general, private mortgage insurance contracts provide for the payment of insurance benefits to a mortgage lender, such as MassHousing, upon the failure of a mortgagor to make any payment or to perform any obligation under the insured mortgage loan and the continuance of such failure for a stated period. In order to receive payment of insurance benefits, MassHousing must have suffered a loss upon sale of the property after having acquired title to the property, either through foreclosure or conveyance in lieu of foreclosure, or must convey title to the property to the insurer if requested by the insurer. The private mortgage insurance policies insuring MassHousing against loss resulting from defaults on loans also contain advance claims insurance riders, which provide that monthly claims advances will be made in amounts equal to delinquent regular monthly payments of principal and interest on each loan that is delinquent in six or more monthly payments. Premiums on the private mortgage insurance policies are paid by the borrower.

Set forth below is a summary of Primary Mortgage Insurance for loans held under the SFHRB Resolution provided by Private Mortgage Insurers.

Loans held under SFHRB Resolution

March 31, 2024

Insurance Provider	Number of Loans	Outstanding Principal (in thousands)	Percent of Total
PMI Mortgage Insurance Co. (PMI)	19	\$ 206	0.40%
Radian Guaranty Inc. (Radian)	10	164	0.21%
Mortgage Guaranty Insurance Corp. (MGIC)	6	713	0.13%
Republic Mortgage Insurance Corp. (RMIC)	5	237	0.10%
Total	40	\$ 1,320	0.84%

In addition to primary mortgage insurance policies issued by private mortgage insurers, MassHousing has entered into three risk-sharing agreements with Enact and two risk-sharing agreements with PMI to make private mortgage insurance available to borrowers at lower premiums and with more lenient underwriting criteria than would otherwise apply. In exchange for their agreements to issue their policies (which are limited to approximately \$610 million principal amount of loans in the aggregate) under these more favorable terms, MassHousing has agreed to reimburse Enact and PMI for a portion of the actual losses suffered by them in an aggregate amount not to exceed \$9 million. As of March 31, 2024, MassHousing has reimbursed Enact and PMI for approximately \$5.3 million of losses. MassHousing's reimbursement obligations are general obligations of MassHousing and, as such, are not payable from any revenues or other moneys pledged under the SFHRB Resolution. Enact and PMI will have the sole obligation to make payments under each private mortgage insurance policy, and, in the event of a default in payment by either of them, no beneficiary of a policy will have any right to seek payment from MassHousing.

Mortgage Insurance Fund. MassHousing may satisfy the primary mortgage insurance requirements for any home ownership loan purchased under the SFHRB Resolution if such loan is insured, guaranteed or otherwise secured by a program of self-insurance established by or on behalf of MassHousing, provided that the use of such self-insurance program does not adversely affect the ratings then assigned to the bonds outstanding under that resolution. MassHousing has established the MIF to provide primary mortgage insurance coverage for loans purchased by MassHousing under its Home Ownership Programs. The MIF also provides primary mortgage insurance coverage for conventional mortgage loans financed by lenders other than MassHousing on housing for persons and families of low and moderate income as defined by the Act. The MIF provides mortgage insurance coverage against losses with essentially the same terms of coverage as provided by insurance issued by nationally recognized private mortgage insurance companies consistent with the terms of the applicable bond resolution and MassHousing's underwriting guidelines. The insurance program provided by the MIF has been reviewed by each rating agency maintaining a rating on MassHousing bonds.

The MIF is maintained under the Escrow Agreement dated as of June 21, 2010, as amended (the Escrow Agreement), between MassHousing and U.S. Bank Trust Company, National Association, as escrow agent. Since the inception of the MIF through March 31, 2024, MassHousing has deposited \$30.5 million in the MIF from MassHousing's WCF and additionally deposits in the MIF all fees, charges and premiums collected from borrowers and all income on amounts under investment in the MIF. As of March 31, 2024, the aggregate cash and investment balance of the MIF was approximately \$146.8 million and MIF mortgage insurance coverage was outstanding on approximately 10,206 loans with an outstanding principal balance of approximately \$2.6 billion. Excluding the reinsured portion of loans as described below, at March 31, 2024, MIF mortgage insurance coverage was outstanding on approximately 1,826 loans, with an outstanding principal balance of approximately \$466.0 million. At March 31, 2024, the MIF's risk exposure for non-reinsured loans was approximately \$94.2 million, and reserves for these loans were approximately \$35.5 million.

Under the terms of the Escrow Agreement, the MIF may not issue any mortgage insurance policy for a loan, or any commitment for a policy, if it is determined that the balance held in the MIF is not sufficient to satisfy the capital adequacy requirements of S&P and Moody's necessary to maintain MassHousing's credit rating and the credit ratings on MassHousing's outstanding SFHRBs and Housing Bonds based on reserve models provided by such rating agencies. Furthermore, under the Private Mortgage Insurer Eligibility Requirements (PMIERS) imposed by Fannie Mae and Freddie Mac, the MIF is required to maintain a minimum required asset amount of \$50 million. Based on the March 31, 2024 balance of the MIF, adjusted for current and projected reinsurance reserves and commitments then in effect, MassHousing estimates that the MIF is authorized to extend mortgage

insurance coverage up to an additional \$2.69 billion of loans without reinsurance or \$26.9 billion with reinsurance originated under the Program or any combination which arrives at the same additional exposure. The liability of MassHousing for losses on loans to which the MIF has extended mortgage insurance coverage is solely limited to the balance on deposit in the MIF from time to time. Mortgage insurance coverage does not constitute a general obligation of MassHousing and losses are not payable from any funds or accounts of MassHousing, under the SFHRB Resolution, or otherwise, other than the MIF.

In addition to traditional mortgage insurance coverage, with respect to loans insured on or after July 1, 2004, the MIF provides borrowers with mortgage payment protection coverage that pays up to six months of monthly mortgage principal and interest in the event that a borrower becomes an “enrolled unemployed” under the Commonwealth’s unemployment compensation program. Payments are made directly to the borrower’s mortgage servicer and are designed to keep the mortgage current, avoiding foreclosure, loan loss and mortgage insurance claims. At March 31, 2024, 9,872 loans were insured by the MIF with mortgage payment protection coverage. The MIF’s mortgage payment risk exposure for loans with mortgage payment protection was approximately \$78.1 million.

MassHousing, on behalf of the MIF, has entered into reinsurance agreements with Mortgage Guaranty Insurance Company (MGIC), United Guaranty Residential Insurance Corporation (UG), Enact Mortgage Insurance Corporation (EMIC), and Gallagher Re Inc., acting as a broker for Aspen American Insurance Company, Aspen Insurance Company, Essent Reinsurance Ltd., Everest Reinsurance Company, Insurance Company of the West, Lancashire Insurance Company Limited, Markel Bermuda Limited, Markel Global Reinsurance Company, Partner Reinsurance Europe SE (Zurich Branch), Partner Reinsurance Company of the U.S. and Renaissance Reinsurance Limited. The agreements permit reinsurance of MassHousing’s Home Ownership loans, and, in certain cases, conventional mortgage loans, to persons and families of low and moderate income that are originated by mortgage lenders on Massachusetts one-to-four-unit, owner-occupied residential dwellings, purchased by MassHousing and other bank portfolio loans held by Massachusetts banks. As of March 31, 2024, approximately \$6.8 million were reinsured by MGIC, approximately \$3.7 million were reinsured by UG, approximately \$27.7 million were reinsured by Enact, and approximately \$2.07 billion were reinsured with Gallagher Re Inc. as a broker for Aspen American Insurance Company, Everest Reinsurance Company, Insurance Company of the West, Markel Global Reinsurance Company, Partner Reinsurance Europe SE (Zurich Branch), and Partner Reinsurance Company of the U.S.

Under each agreement, MIF retains a 10% share of the insurance coverage written on any reinsured loan and the reinsurer reinsures the remaining 90% of the coverage. In addition to MIF’s 10% quota share, MIF receives a ceding commission ranging from 20% to 37% of the reinsurance premiums paid under the MGIC, UG, EMIC and Gallagher Re Inc. agreements. The first contract with EMIC includes an excess of loss coverage which costs 1.7% of the gross written premium. The net benefits to MIF under the agreements are likely to range from 26.3% to 43.3% of the premiums for the assumption of 10% of the mortgage risk. Under certain circumstances, MIF may be due additional commissions contingent upon reinsurer operational results.

For additional information about the MIF, specific reference is made to the audited financial statements of the MIF for the year ended June 30, 2023, which may be obtained from MassHousing. The financial statements of the MIF are not incorporated by reference into the document.

Cancellation or Termination of Private Mortgage Insurance. Under the program documents for all outstanding home ownership loans funded under MassHousing’s Home Ownership Programs that are insured by private mortgage insurance, including insurance provided by the MIF, the private mortgage insurance coverage is cancelable at the option of the borrower when the unpaid principal balance of the loan is reduced to less than the threshold percentage of the value of the property above which private mortgage insurance was required by the applicable supplemental resolution (i.e., 70% to 80% of the value of the property calculated at the date of origination of such loan). The Federal Homeowners Protection Act of 1998 also grants borrowers a right of cancellation of private mortgage insurance coverage on mortgage loans for one-unit properties originated on and after July 29, 1999, when the unpaid principal balance of the loan is equal to or less than 80% of the value of the property securing the loan (based on the sales price or appraised value of the property at origination, whichever is less). The foregoing Act also mandates the automatic termination of private mortgage insurance coverage on any such loan when the unpaid principal balance is equal to or less than 78% of the original value of the property. Cancellation or termination of private mortgage insurance coverage is postponed for any loan that is not in good standing. The termination and cancellation provisions of the act also do not apply to certain “high risk” loans as determined in accordance with regulations published by FNMA and FHLMC.

Standard Hazard Insurance

The borrower on each mortgage loan funded under MassHousing’s Home Ownership Programs is required to maintain a standard hazard insurance policy for the mortgaged property in an amount equal to no more than the replacement cost of the buildings and appurtenances on the mortgaged premises, unless the borrower chooses to exceed this limit and submits a signed acknowledgement which states that the coverage is in excess of this limit and which coverage, subject to this limitation, shall be for the greater of an amount equal to the unpaid balance of the mortgage loan or such amount that would not result in the application of a coinsurance clause. Each borrower is also required to maintain flood insurance in compliance with the provisions of the Flood

Disaster Protection Act of 1973, if applicable, whether or not such property is eligible for coverage under the national flood insurance program, in an amount at least equal to the outstanding balance of the mortgage loan or the maximum insurance available on any one structure under the National Flood Insurance Program, and otherwise meeting the standards accepted by prudent practice and custom in the geographic area in which the property is located.

Title Insurance

Each mortgage loan funded by MassHousing's Home Ownership Programs must be insured by a mortgagee policy of title insurance, the benefits of which run to MassHousing, in an amount at least equal to the outstanding balance of the mortgage loan, including, when applicable, any increases in the amount thereof, in standard American Land Title Association form as then in effect issued by a title insurance company qualified to do business in the Commonwealth insuring that the mortgage lien is a valid and enforceable first mortgage lien.

Mortgage Pool Insurance Policies

In addition to primary mortgage insurance, a portion of the loans held under the SFHRB Resolution (other than loans pooled into an MBS or UMBS) are insured under various mortgage pool insurance policies insuring the SFHRB Resolution against losses arising out of defaults on such loans up to a cumulative loss limit ranging from 4% to 5% of the original aggregate principal amount of all such loans so insured. The issuer of a mortgage pool insurance policy for mortgage loans purchased in connection with a particular series of Bonds is referred to herein as the "Pool Insurer." The Pool Insurers for mortgage loans currently held under the SFHRB Resolution include MGIC and Enact. At March 31, 2024, 633 loans, or 13.2% of the first mortgage loans then held under the SFHRB Resolution, with an outstanding principal balance of approximately \$60.1 million, were insured by MGIC; and 169 loans, or 3.5% of the first mortgage loans then held under the SFHRB Resolution, with an outstanding principal balance of approximately \$18.0 million, were insured by Enact.

None of the mortgage pool insurance policies is a blanket policy against all losses, since claims thereunder may only be made respecting particular defaulted loans and only upon the satisfaction of certain conditions precedent described below. It is a requirement of each mortgage pool insurance policy that the primary mortgage insurance, if any, required by the applicable supplemental resolutions be maintained. None of the mortgage pool insurance policies insures against a loss sustained by reason of a default arising from or involving certain matters including, but not limited to, (a) fraud or negligence in origination or servicing of the loans, including misrepresentation by the mortgage lender, borrower or other persons involved in the origination of a loan; (b) failure to construct a property subject to a loan in accordance with specified plans; (c) physical damage to a property; and (d) a mortgage lender's not being approved as a servicer by the insurer. The mortgage pool insurance policies do not cover losses due to a failure to pay or denial of a claim under a primary policy, irrespective of the reason therefor.

If a claim is made under a mortgage pool insurance policy, the Pool Insurer has the option to either (i) acquire the property securing the defaulted loan for a payment equal to the unpaid principal balance thereof plus accrued and unpaid interest at the mortgage rate to the date of payment of the claim and certain expenses described above advanced by the mortgage lender (unless the property has been conveyed to the Pool Insurer pursuant to the terms of the applicable primary policy) or (ii) pay the amount by which the sum of the unpaid principal balance of the defaulted loan and accrued and unpaid interest at the mortgage rate to the date of the payment of the claim and the aforesaid expenses exceeds the proceeds received from a sale of the property which the Pool Insurer has approved. In either case, the amount of payment under the mortgage pool insurance policy will be reduced by the amount of such loss paid under the primary policy.

The amount of coverage under the mortgage pool insurance policies will be reduced over the life of the policies by the dollar amount of claims paid less amounts realized by the Pool Insurer upon disposition of mortgaged property. In addition, certain of the outstanding mortgage pool insurance policies provide that MassHousing will retain all risk for claims under the policies until the aggregate claims equal from 0.5% to 1% of the original aggregate principal amount of all loans insured under the applicable policy. The applicable Pool Insurer will assume liability for all claims in excess of MassHousing's retained risk up to the cumulative loss limit provided in the policy. MassHousing has secured its retained risk for losses on such loans as described under "Loan Reserve Fund" below.

Loan Reserve Fund

All mortgage loans held under the SFHRB Resolution that are not insured under a mortgage pool insurance policy or for the payment of which MassHousing has retained risk under a mortgage pool insurance policy (other than loans pooled into an MBS or UMBS), and all Home Improvement loans held under the SFHRB Resolution, are currently secured on a parity basis by a Loan Reserve Fund in order to insure the SFHRB Resolution against certain losses arising from defaults on such loans. The Loan Reserve Fund is funded and maintained in cash and permitted investments, or an irrevocable letter of credit issued by a qualified bank or an irrevocable insurance policy or guarantee issued by a qualified insurer or bank, as applicable (collectively, a Reserve Deposit), in an amount at least equal to (i) one percent (1%) of the aggregate unpaid principal amount of all mortgage loans or portions thereof

(other than loans pooled into an MBS or UMBS) held under the SFHRB Resolution that are insured under a mortgage pool insurance policy or originated with primary mortgage insurance; plus (ii) five percent (5%) of the aggregate unpaid principal amount of all mortgage loans (other than loans pooled into an MBS or UMBS) not so insured; less (iii) the aggregate amount of all amounts theretofore withdrawn from the Loan Reserve Fund on account of loan losses on such mortgage loans; or such lesser amount as shall not adversely affect the ratings then assigned to any bonds outstanding under the SFHRB Resolution (the Loan Reserve Fund Requirement). MassHousing is prohibited from purchasing a mortgage loan (other than loans pooled into an MBS or UMBS) under the SFHRB Resolution unless the amount on deposit in the Loan Reserve Fund, including any deposit to be made at the time of such purchase, is equal to the Loan Reserve Fund Requirement calculated upon such purchase.

If MassHousing realizes a loan loss on a loan covered by the Loan Reserve Fund, it may direct the trustee to withdraw an amount equal to all or a portion of such loan loss from the Loan Reserve Fund, and to deposit such amount in the revenue fund under the SFHRB Resolution. Such withdrawals shall be made, first, from cash and investment obligations on deposit in the Loan Reserve Fund and, second, from draws or demands on Reserve Deposits, if any, held in the Loan Reserve Fund.

As previously noted, as of March 31, 2024, the amount held in the Loan Reserve Fund maintained under the SFHRB Resolution consists of investments and cash equivalents in the amount of approximately \$23 million. As of March 31, 2024, the Loan Reserve Fund Requirement was approximately \$19.1 million. The obligation of MassHousing to reimburse the insurer for any draw on any outstanding Reserve Deposit is a general obligation of MassHousing for which its full faith and credit are pledged. MassHousing has not pledged any revenues or other property pledged under the SFHRB Resolution to secure its reimbursement obligations on such Reserve Deposit.

The figures above are based on information currently available and are not guaranteed. Prepayment amounts include loan payoffs and principal curtailments in excess of the computed scheduled principal amounts. MassHousing reserves the right to transfer loans between bond series subject to limitations under the MassHousing Single Family Housing Revenue Bonds Resolution and applicable federal tax law. Changes in outstanding loan balances from quarter to quarter may result from payments of scheduled principal, new originations or recycling, transfers between series, sales of mortgage loans, write-downs, losses and other miscellaneous adjustments, in addition to loan payoffs and principal installments.

The figures above are based on information currently available and are not guaranteed. Prepayment amounts include loan payoffs and principal curtailments in excess of the computed scheduled principal amounts. MassHousing reserves the right to transfer loans between bond series subject to limitations under the MassHousing Single Family Housing Revenue Bonds Resolution and applicable federal tax law. Changes in outstanding loan balances from quarter to quarter may result from payments of scheduled principal, new originations or recycling, transfers between series, sales of mortgage loans, write-downs, losses and other miscellaneous adjustments, in addition to loan payoffs and principal installments.

The figures above are based on information currently available and are not guaranteed. Prepayment amounts include loan payoffs and principal curtailments in excess of the computed scheduled principal amounts. MassHousing reserves the right to transfer loans between bond series subject to limitations under the MassHousing Single Family Housing Revenue Bonds Resolution and applicable federal tax law. Changes in outstanding loan balances from quarter to quarter may result from payments of scheduled principal, new originations or recycling, transfers between series, sales of mortgage loans, write-downs, losses and other miscellaneous adjustments, in addition to loan payoffs and principal installments.

The figures above are based on information currently available and are not guaranteed. Prepayment amounts include loan payoffs and principal curtailments in excess of the computed scheduled principal amounts. MassHousing reserves the right to transfer loans between bond series subject to limitations under the MassHousing Single Family Housing Revenue Bonds Resolution and applicable federal tax law. Changes in outstanding loan balances from quarter to quarter may result from payments of scheduled principal, new originations or recycling, transfers between series, sales of mortgage loans, write-downs, losses and other miscellaneous adjustments, in addition to loan payoffs and principal installments.
